DISCLAIMER

No responsibility is implied or accepted by the Shire of Wagin for any act, omission or statement or intimation occurring during Council or committee meetings.

The Shire of Wagin disclaims any liability for any loss whatsoever and howsoever caused arising out of reliance by any person or legal entity on any such act, omission or statement or intimation occurring during Council or committee meetings.

Any person or legal entity who acts or fails to act in reliance upon any statement, act or omission made in a Council or committee meeting does so at that person's or legal entity's own risk.

In particular and without detracting in any way from the broad disclaimer above, in any discussion regarding any planning application or application for a licence, any statement or intimation of approval made by any member or officer of the Shire of Wagin during the course of any meeting is not intended to be and is not taken as notice of approval from the Shire of Wagin

The Shire of Wagin advises that anyone who has any application lodged with the Shire of Wagin shall obtain and should only rely on **WRITTEN CONFIRMATION** of the outcome of the application, and any conditions attaching to the decision made by the Shire of Wagin in respect of the application.

Bill Atkinson
CHIEF EXECUTIVE OFFICER

GIFTS DISCLOSURE INFORMATION

The Gifts Register contains the disclosures of gifts that have been made by Elected Members, the Chief Executive Officer and Employees in their official capacity.

To adhere with the changes to gift disclosure regulations in the *Local Government Legislation Amendment Act 2019*, passed by Parliament on 27 June 2019, the Shire of Wagin provides gift disclosure information in the interests of accountability and transparency.

Elected Members and the Chief Executive Officer are required to disclose gifts which are valued over \$300 or are two or more gifts with a cumulative value over \$300 (where the gifts are received from the same donor in a 12 month period) within 10 days of receipt [Sections 5.87A & 5.87B *Local Government Act 1995*].

The Act and Regulations require the Chief Executive Officer to publish an up to date version of the Gifts Register on the Shire's website after a disclosure is made. To protect the privacy of individuals, the register published on the website does not include the address disclosed by an individual donor and will instead include the town or suburb.

BRIEF SUMMARY

The local government's audit committee is required to review the completed 2020 Compliance Audit Return and report the results to council prior to its adoption by council. It must then be submitted to the Department of Local Government by 31 March 2021.

BACKGROUND/COMMENT

In accordance with Regulation 13 of the Local Government (Audit) Regulations 1996, each year every local government is required to carry out a compliance audit in relation to the period 1 January to 31 December against the requirements of the Compliance Audit Return (CAR).

The CAR contains 89 questions (plus 10 optional questions) and provides the tool for the Council to monitor legislative compliance by examining a range of prescribed subjects under Regulation 13 of the Local Government (Audit) Regulations 1996 in detail.

The Audit Return has been completed by the CEO, Deputy CEO and Manager of Finance. A copy of the completed document is included in the Agenda for the Committee to review. No matters of concern are brought to the Committee's notice.

After the CAR has been reviewed by the Audit Committee and presented to Council, a copy certified by the President and CEO, along with the relevant section of the minutes and any additional information explaining or qualifying the CAR, is to be submitted to the Department of Local Government, Sport and Cultural Industries by 31 March.

BRIEF SUMMARY

The Annual Audit Completion Report for the 2019/2020 financial year is attached for discussion with Council's auditors and for adoption.

BACKGROUND/COMMENT

In accordance with the Local Government Act 1995, Council's external auditor – The Office of the Auditor General (OAG) have conducted an audit of the Shire of Wagin's finances for the 2019/2020 financial year. The OAG engaged Butler Settineri to carry out the audit on their behalf.

The Annual Financial Report 2019/2020 is enclosed under separate cover and the Annual Audit Completion Report is attached for the Committee and Council to receive and adopt.

The Auditors opinion is as below:

In accordance with the Local Government (Audit) Regulations 1996 we report that:

- i. *In our opinion, the following material matters indicate significant adverse trends in the financial position or the financial management practices of the Shire:*
 - a) *The Operating Surplus Ratio has declined over the past three years and is below the Department of Local Government, Sport and Cultural Industries basic standard for the financial years 2019-20 and 2018-19. The financial ratios are reported at Note 26 to the financial report.*
- ii. *The following material matters indicating non-compliance with Part 6 of the Local Government Act 1995, the Local Government (Financial Management) Regulations 1996 or applicable financial controls of any other written law identified during the course of our audit:*
 - a) *The Shire issued two credit cards to volunteer staff in the State of Emergency Service (SES), which does not comply with the Local Government Act 1995 Section 5.44, as the volunteers are not employees of the Shire.*
 - b) *The Shire has only implemented internal controls towards the end of the financial year relating to the review of supplier master file changes by management to confirm that all the changes were made were valid and accurate. As such the controls were not in place through out the year. There is an increased risk that unauthorised changes may be made resulting in errors or funds being inappropriately transferred, however our audit testing did not identify any such instances.*

As per previous financial year the Operating Surplus Ratio.

Also noted in the responses to the Draft Audit Management Letter, the SES credit cards will be cancelled effective immediately. The internal controls relating to the review of supplier master file changes were implemented once the results of the Financial Management Review were received. There were adequate documentation authorising changes to supplier master files. In addition to this we were required to physically print and sign off on the Audit Trail Report confirming the details were entered correctly instead of the previous process of management viewing these results in the system without printing.

EXECUTIVE SUMMARY

- Butler Settineri (Audit) Pty Ltd were appointed as the contract auditor by the Office of the Auditor General for the year ended 30 June 2020.
- Butler Settineri (Audit) Pty Ltd have completed the external statutory audit for the year ended 30 June 2020 as contract auditor on behalf of the Office of the Auditor General.
- No unresolved issues or outstanding matters.
- We intend to recommend to the Auditor General to issue an unqualified audit opinion in relation to the financial statements. The qualification in relation to the financial year ended 30 June 2019 does not have any relevance to the current year audit.
- In relation to reporting on other legal and regulatory requirement we intend to recommend the following:
 - Significant adverse trend in relation to the operating surplus ratio
 - Material matters relating to non compliance with local government laws and regulations.
- Our findings are included in this report.

INDEPENDENCE

We are independent of the Shire in accordance with the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants.

Threats to independence include the following:

- ① SELF INTEREST THREATS
- ① SELF REVIEW THREATS
- ① ADVOCACY THREATS
- ① FAMILIARITY THREATS
- ① INTIMIDATION THREATS

What we do to remain independent:

- ✔ All team members sign an independence declaration at the commencement of the audit;
- ✔ We monitor our individual independence throughout the audit;
- ✔ All team members sign off an independence declaration at the completion of the audit.

COMPLIANCE WITH LAWS & REGULATIONS & FRAUD

Laws and Regulations applicable to the Shire include the following:

- ✔ Local Government Act 1995;
- ✔ Local Government (Financial Management) Regulations 1996;
- ✔ Local Government (Audit) Regulations 1996;
- ✔ Australian Tax Office (GST / FBT / PAYG) Compliance;
- ✔ Compliance with conditions of program funding arrangements.

During the audit process we have identified:

- ✔ Non-compliance issues that have been reported in the audit report where applicable and detailed on page 10 of this document.
- ✔ No findings or indications of suspected fraud.

As far as the external audit relates to the matters noted above.

Key Audit
Matters and
Audit
Outcomes

During the planning phase of the audit, we identified the following issues and key areas of audit risk.

Details of Risk / Issue	Audit Approach
<p>Audit findings reported in the previous audit</p> <p>Changes to accounting standards: AASB 15 Revenue from Contracts with Customers AASB 16 Leases AASB 1058 Income of Not-for Profit Entities</p>	<p>We followed up on last year's audit issues during the audit. All issues were resolved.</p> <p>We reviewed management's assessment of the impact of these new accounting standards on the financial statements and found it to be in accordance with the new accounting standards. The adoption had the following impact on the financial statements:</p> <ul style="list-style-type: none"> • 1 July 2019 – adjustment to retained surplus of \$156,315 from adoption of AASB 15 • 30 June 2020 – recognition of contract liabilities of \$107,308 <p>The Shire has adopted the new accounting standards at the effective date of 1 July 2019. The modified retrospective approach has been applied whereby comparative figures in the financial statements have not been restated.</p>
<p>Changes to <i>Local Government (Financial Management) Regulations</i> that have been signalled by the Department of Local Government, Sport and Cultural Industries (DLGSCI):</p> <ul style="list-style-type: none"> • Regulation 16 deleted • Regulation 17A amended 	<p>We assessed management's implementation of the changes to the Regulations and the effect on the financial report and found it to be in accordance with the Regulations. The adoption had the following impact on the financial statements:</p> <ul style="list-style-type: none"> • 1 July 2019 – removal of land under golf course of \$18,000 <p>The Shire has applied the change in regulations as a change in accounting policy at the effective date of 1 July 2019.</p> <p>-The modified retrospective approach has been applied whereby comparative figures in the financial statements have not been restated.</p>
<p>Impact of COVID-19</p>	<p>Our procedures performed did not reveal any exceptions in terms of internal controls gaps in key financial reporting areas including but not limited to procurement and journals.</p>
<p>We have identified the following areas that we consider require additional focus during our 2019-20 local government audits:</p> <ul style="list-style-type: none"> • Related party disclosures • Revenue recognition • Revaluation of Plant & Equipment • Unauthorised expenditure • Unrecorded liabilities and expenses • Fictitious employees 	<p>We reviewed the related audit evidence as part of our audit testing and confirmed that appropriate recognition and measurement and disclosures have been made in the financial statements in relation to the risks identified.</p>

<p>The following annual financial report items are derived from accounting estimates and hence will receive specific audit attention:</p> <ul style="list-style-type: none"> • Provision for annual and long service leave • Fair value of assets • Impairment of assets <p>Important changes in management or the control environment</p>	<p>We reviewed the methodology and underlying data that management used when determining critical accounting estimates. We confirmed the reasonableness of the assumptions and corroborating representations.</p>
	<p>During the financial year, Bill Atkinson was appointed as Acting CEO when the previous CEO, Peter Webster, was on annual leave and following his resignation. We did not identify any gaps in controls with the change in management.</p>

SIGNIFICANT AUDIT FOCUS

- ▶ New AASB 15 & 1058 Revenue from Contracts with Customers and Income for Not-For-Profit Entities

Policy updated and implemented

- ▶ New AASB 16 Leases

Policy updated and implemented

- ▶ Amended Local Government (Financial Management) Regulations 1996

Policies updated and implemented in the 2019-20 year to comply with:

- *Amended Regulation 17A – plant & equipment measured under the cost model*
- *Regulation 16 deleted as covered by AASB 16 Leases*

AUDIT MISSTATEMENTS

- There were no uncorrected misstatements.

AUDIT FINDINGS

- Per the Interim Management Letter:
 - Purchase orders dated on or after invoice dates
 - Opening trial balance does not agree to audited financial statements
 - Information and Communications Technology Plan
- Per the Final Management Letter:
 - Authority for use of corporate credit cards
 - Changes to supplier master file
 - Records of assets that are attractive for personal use or resale

PRIOR YEAR AUDIT QUALIFICATION

The qualification in the auditor's report for the year ended 30 June 2019 related to infrastructure assets balances not being comparable to the balances at 30 June 2018 as drainage assets were not valued at 30 June 2018 but only at 30 June 2019.

The qualification does not have any relevance on the current year audit as the infrastructure assets balances are comparable for the year ended 30 June 2020.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS IN THE AUDITOR'S REPORT

In accordance with the *Local Government (Audit) Regulations 1996* we report that:

- (i) In our opinion, the following material matters indicate significant adverse trends in the financial position or the financial management practices of the Shire:
 - a. The Operating Surplus Ratio has declined over the past three years and is below the Department of Local Government, Sport and Cultural Industries basic standard for the financial years 2019-20 and 2018-19. The financial ratios are reported at Note 26 to the financial report.
- (ii) The following material matters indicating non-compliance with Part 6 of the *Local Government Act 1995*, the *Local Government (Financial Management) Regulations 1996* or applicable financial controls of any other written law identified during the course of our audit:
 - a. The Shire issued two credit cards to volunteer staff in the State of Emergency Service, which does not comply with the Local Government Act 1995 Section 5.44, as the volunteers are not employees of the Shire.
 - b. The Shire has only implemented internal controls towards the end of the financial year relating to the review of supplier master file changes by management to confirm that all the changes were made were valid and accurate. As such the controls were not in place through out the year. There is an increased risk that unauthorised changes may be made resulting in errors or funds being inappropriately transferred, however our audit testing did not identify any such instances.

Key Changes for next year

Changes in regulations

- None anticipated.

Accounting Issues for 2021

- AASB 1059 – Service Concession Arrangements: Grantors
Management should assess impact of the standard on the financial statements for the year ending 30 June 2021.

THANK YOU

We would like to take this opportunity to once again thank the management team for their assistance during the audit process, in particular we would like to thank Tegan Hall and the finance team for their support.

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

AMENDMENTS TO LOCAL GOVERNMENT (FINANCIAL MANAGEMENT) REGULATIONS 1996

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards. Prior to 1 July 2019, *Financial Management Regulation 16* arbitrarily prohibited a local government from recognising as assets Crown land that is a public thoroughfare, i.e. land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets pertaining to vested land, including land under roads acquired on or after 1 July 2008, were not recognised in previous financial reports of the Shire. This was not in accordance with the requirements of AASB 1051 *Land Under Roads* paragraph 15 and AASB 116 *Property, Plant and Equipment* paragraph 7.

From 1 July 2019, the Shire has applied AASB 16 *Leases* which requires leases to be included by lessees in the statement of financial position. Also, the *Local Government (Financial Management) Regulations 1996* have been amended to specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not included in the statement of financial position) rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

The Shire has accounted for the removal of the vested land values associated with vested land previously recognised by removing the land value and associated revaluation reserve as at 1 July 2019. The comparative year amounts have been retained as AASB 16 does not require comparatives to be restated in the year of transition.

Therefore the departure from AASB 1051 and AASB 16 in respect of the comparatives for the year ended 30 June 2019 remains.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

NEW ACCOUNTING STANDARDS FOR APPLICATION IN FUTURE YEARS

On 1 July 2020 the following new accounting standards are to be adopted:

- AASB 1059 *Service Concession Arrangements: Grantors*
- AASB 2018-7 *Amendments to Australian Accounting Standards - Materiality*

AASB 1059 *Service Concession Arrangements: Grantors* is not expected to impact the financial report.

Specific impacts of AASB 2018-7 *Amendments to Australian Accounting Standards - Materiality*, have not been identified.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 23 to these financial statements.

SIGNIFICANT ACCOUNTING POLICIES

Grants, subsidies and contributions

Operating grants, subsidies and contributions are grants, subsidies or contributions that are not non-operating in nature.

Non-operating grants, subsidies and contributions are amounts received for the acquisition or construction of recognisable non-financial assets to be controlled by the local government.

Fees and Charges

Revenue (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

2. REVENUE AND EXPENSES (Continued)

(a) Revenue (Continued)

Contracts with customers and transfers
for recognisable non-financial assets

Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the Shire was recognised during the year for the following nature or types of goods or services:

	2020 Actual \$	2020 Budget \$	2019 Actual \$
Non-operating grants, subsidies and contributions	1,152,172	1,143,257	2,340,432
	<u>1,152,172</u>	<u>1,143,257</u>	<u>2,340,432</u>

Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the Shire is comprised of:

Non-operating grants, subsidies and contributions included as a contract liability at the start of the period	136,068	0	0
Other revenue from performance obligations satisfied during the year	1,016,104	1,143,257	2,340,432
	<u>1,152,172</u>	<u>1,143,257</u>	<u>2,340,432</u>

Information about receivables, contract assets and contract liabilities from contracts with customers along with financial assets and associated liabilities arising from transfers to enable the acquisition or construction of recognisable non financial assets is:

Trade and other receivables from contracts with customers	138,901	0	0
Contract assets	29,241	0	0
Contract liabilities from operating grants, subsidies and contributions	(33,057)	0	0
Contract liabilities from non-operating grants, subsidies and contributions	(74,251)	0	0

Contract assets primarily relate to the Shire's right to consideration for work completed but not billed at 30 June 2020.

Assets associated with contracts with customers were not subject to an impairment charge.

Contract liabilities for contracts with customers primarily relate to grants with performance obligations received in advance, for which revenue is recognised over time as the performance obligations are met.

Information is not provided about remaining performance obligations for contracts with customers that had an original expected duration of one year or less.

Consideration from contracts with customers is included in the transaction price.

Performance obligations in relation to contract liabilities from transfers for recognisable non financial assets are satisfied as project milestones are met or completion of construction or acquisition of the asset. All associated performance obligations are expected to be met over the next 12 months.

Interest earnings

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Interest earnings (continued)

Interest income is presented as finance income where it is earned from financial assets that are held for cash management purposes.

SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Restricted assets

Restricted asset balances are not available for general use by the local government due to externally imposed restrictions. Externally imposed restrictions are specified in an agreement, contract or legislation. This applies to reserves, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserves - cash/financial assets backed.

In accordance with Council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Anticipated date of use	Name of Reserve	Purpose of the reserve
Ongoing	(a) Leave Reserve	Provide provisions to meet Councils' Long Service and Accrued Annual Leave liabilities to minimise effect on Councils' budget annually.
Ongoing	(b) Plant Replacement Reserve	Provide funds for the ongoing replacement and upgrading of Plant necessary in the performance of Councils' core functions.
Ongoing	(c) Recreation Centre Equipment Reserve	Provide funds for the purchase of equipment, fixtures and fittings at the Wagin Community Recreation Centre.
Ongoing	(d) Aerodrome Maintenance & Development Reserve	Provide funds for major maintenance (eg resealing runway area) and development works (eg runway reconstruction) at the Wagin Airstrip.
Ongoing	(e) Municipal Buildings Reserve	Provide for the upgrading, renovating and restoration of existing Council owned buildings as well as construction of new Council owned buildings.
Ongoing	(f) Admin Centre Furniture, Equipment & IT Reserve	Provide for the purchase of furniture, fittings, equipment and IT requirements in relation to the Council Administration Building.
Ongoing	(g) Land Development Reserve	Provide funds for the purchase and development of land within the Wagin Shire as the need arises and Council see fit.
Ongoing	(h) Community Bus Reserve	Provide funds for the maintenance, upgrade and change-over of the Wagin Community Bus.
Ongoing	(i) Homecare Reserve	Provide funds to meet Homecare staff leave provisions, replacement of plant and equipment and on-going operations of the Homecare program.
Ongoing	(j) Recreation Development Reserve	Provide funds for the expansion, upgrading and development of Council's recreation and sporting facilities.
Ongoing	(k) Refuse Site / Waste Management Reserve	Provide funds for a new waste site, on-going operation with the Shire's waste management and recycling program and working towards zero waste.
Ongoing	(l) Refuse Site Rehabilitation Reserve	Provide funds to rehabilitate the existing refuse site once the site has been decommissioned.
Ongoing	(m) Water Management Reserve	To ensure Council spends the surplus Rural Towns Funds on measures and projects in line with Council's Water Management Plan.
Ongoing	(n) Electronic Sign Reserve	Provide funds for the purchase and installation of an electronic sign in the Wagin townsite in the future.
Ongoing	(o) Community Gym Reserve	Provide funds for the maintenance, upgrade and change-over of the Wagin Community Gym equipment as required.
Ongoing	(p) Sportsground Precinct Redevelopment Reserve	Provide funds for the future Sportsground Precinct Redevelopment.
Ongoing	(q) Emergency/Bushfire Control Reserve	Provide funds for unexpected times of extreme emergency recovery and provide adequate assistance for bushfire requirements.

SIGNIFICANT ACCOUNTING POLICIES

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at fair value through profit and loss

The Shire classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has not elected to recognise fair value gains and losses through other comprehensive income.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 21.

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 21.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Classification and subsequent measurement

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Land and buildings					
Land	2	Market Approach using recent observable market data for similar properties	Independent Registered Valuers	June 2017	Price per hectare / market borrowing rate
Buildings	2	Market Approach using recent observable market data for similar properties	Independent Registered Valuers	June 2017	Price per hectare / market borrowing rate
Furniture and equipment	3	Market Approach	Independent Registered Valuers	June 2019	Purchase costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs
Plant and equipment	3	Market Approach	Independent Registered Valuers	June 2019	Purchase costs and current condition (Level 2), residual values and remaining useful life assessments (Level 3) inputs

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

Following a change to *Local Government (Financial Management) Regulation 17A*, plant and equipment type assets (being plant and equipment and furniture and equipment) are to be measured under the cost model, rather than at fair value. This change is effective from 1 July 2019 and represents a change in accounting policy. Revaluations carried out previously were not reversed as it was deemed fair value approximates cost at the date of change.

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

10. FIXED ASSETS

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings and infrastructure acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of land, buildings and infrastructure is determined at least every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Shire.

At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with *Local Government (Financial Management) Regulation 17A (2)* which requires land, buildings, infrastructure, investment properties and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY

Land under control prior to 1 July 2019

In accordance with the then *Local Government (Financial Management) Regulation 16(a)(ii)*, the Shire was previously required to include as an asset (by 30 June 2013), vested Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land.

Land under roads prior to 1 July 2019

In Western Australia, most land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008. This accords with the treatment available in *Australian Accounting Standard AASB 1051 Land Under Roads* and the then *Local Government (Financial Management) Regulation 16(a)(i)* which arbitrarily prohibited local governments from recognising such land as an asset. This regulation has now been deleted.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, the then *Local Government (Financial Management) Regulation 16(a)(i)* prohibited local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of *AASB 1051, Local Government (Financial Management) Regulation 4(2)* provides, in the event of such an inconsistency, the *Local Government (Financial Management) Regulations* prevail. Consequently, any land under roads acquired on or after 1 July 2008 was not included as an asset of the Shire.

Land under roads from 1 July 2019

As a result of amendments to the *Local Government (Financial Management) Regulations 1996*, effective from 1 July 2019, vested land, including land under roads, are treated as right-of-use assets measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect of non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the statement of financial position.

The Shire has accounted for the removal of the vested land values associated with vested land previously recognised by removing the land value and associated revaluation reserve as at 1 July 2019. The comparatives have not been restated.

Vested improvements from 1 July 2019

The measurement of vested improvements at fair value in accordance with *Local Government (Financial Management) Regulation 17A(2)(iv)* is a departure from AASB 16 which would have required the Shire to measure the vested improvements as part of the related right-of-use assets at zero cost. The Shire does not have any vested improvements.

Refer to Note 24 that details the significant accounting policies applying to leases (including right of use assets).

SIGNIFICANT ACCOUNTING POLICIES

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life
Buildings	30 to 50 years
Furniture and equipment	4 to 10 years
Plant and equipment	5 to 15 years
Sealed roads and streets formation	not depreciated
pavement seal	50 years
- bituminous seals	20 years
- asphalt surfaces	25 years
Gravel roads formation	not depreciated
pavement	50 years
Footpaths - slab	20 years
Sewerage piping	100 years
Water supply piping and drainage systems	75 years
Right of use (buildings)	Based on the remaining lease
Right of use (plant and equipment)	Based on the remaining lease
Intangible assets - computer software licence	5 years

Depreciation on revaluation

When an item of land, building and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

(a) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or

(b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Amortisation

All intangible assets with a finite useful life, are amortised on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The residual value of intangible assets is considered to be zero and the useful life and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income and in the note above.

2,918	3,174
299,176	291,873

SIGNIFICANT ACCOUNTING POLICIES

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services.

The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

Contract Liabilities

Contract liabilities represent the the Shire's obligation to transfer goods or services to a customer for which the Shire has received consideration from the customer.

With respect to transfers for recognisable non-financial assets, contract liabilities represent performance obligations which are not yet satisfied.

Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Risk

Information regarding exposure to risk can be found at Note 21.

	<u>373,208</u>	<u>357,704</u>

Timing of the payment of current leave liabilities is difficult to determine as it is dependent on future decisions of employees. Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations.

Other long-term employee benefits (Continued)

Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

SHIRE OF WAGIN
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

21. FINANCIAL RISK MANAGEMENT

This note explains the Shire's exposure to financial risks and how these risks could affect the Shire's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rate	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and debt investments	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

(a) Interest rate risk

Cash and cash equivalents

The Shire's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the Shire to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Shire to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
2020					
Cash and cash equivalents	0.32%	2,927,268	1,656,310	1,156,887	114,071
2019					
Cash and cash equivalents	0.44%	421,338	0	153,327	268,011
Financial assets at amortised cost	2.40%	1,380,038	1,380,038		

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2020	2019
	\$	\$
Impact of a 1% movement in interest rates on profit and loss and equity*	11,569	1,533

* Holding all other variables constant

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The Shire does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 14(b).

21. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk

Trade and Other Receivables

The Shire's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk - the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. The Shire is also able to charge interest on overdue rates and annual charges on higher than market rates, which further encourages payment.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2019 or 1 July 2020 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors. There are no material receivables that have been subject to a re-negotiation of repayment terms.

The loss allowance was determined as follows for rates receivable.

	Current	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total
30 June 2020					
Rates receivable					
Expected credit loss					
Gross carrying amount	1,020	36,709	30,308	16,498	84,535

Loss allowance	5,470	2,473	974	3,735	12,651

The loss allowance as at 30 June 2020 and 30 June 2019 was determined as follows for trade receivables.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total

21. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk (Continued)

Contract Assets

The Shire's contract assets represent work completed, which have not been invoiced at year end. This is due to the Shire not having met all the performance obligations in the contract which give an unconditional right to receive consideration. The Shire applies the simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all contract assets. To measure the expected credit losses, contract assets have been grouped based on shared credit risk characteristics and the days past due. Contract assets have substantially the same risk characteristics as the trade receivables for the same types of contracts. The Shire has therefore concluded that the expected credit loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

21. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables and borrowings

Payables and borrowings are both subject to liquidity risk - that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required.

The contractual undiscounted cash flows of the Shire's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

22. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

(a) AASB 15: Revenue from Contracts with Customers

The Shire adopted AASB 15 Revenue from Contracts with Customers (issued December 2014) on 1 July 2019 resulting in changes in accounting policies. In accordance with the transition provisions AASB 15, the Shire adopted the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019. In summary the following adjustments were made to the amounts recognised in the statement of financial position at the date of initial application (1 July 2019):

Note	AASB 118	Reclassification	AASB 15
	carrying amount		carrying amount
	30 June 2019		01 July 2019
	\$	\$	\$
Contract liabilities - current			
Operating grants, subsidies and contributions	13	0	(20,247)
Non-operating grants, subsidies and contributions	13	0	(136,068)
Adjustment to retained surplus from adoption of AASB 15	22(e)	0	(156,315)

(b) AASB 1058: Income For Not-For-Profit Entities

The Shire adopted AASB 1058 Income for Not-for-Profit Entities (issued December 2016) on 1 July 2019 which has resulted in changes in accounting policies. In accordance with the transition provisions AASB 1058, the Shire adopted the new rules retrospectively with the cumulative effect of initially applying AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods was not restated in accordance with AASB 1058 transition requirements.

In applying AASB 1058 retrospectively with the cumulative effect of initially applying the Standard on 1 July 2019 changes occurred to the following financial statement line items by application of AASB 1058 as compared to AASB 118: Revenue and AASB 1004: Contributions before the change:

Prepaid rates are, until the taxable event for the rates has occurred, refundable at the request of the ratepayer. Therefore the rates received in advance gave rise to a financial liability that is within the scope of AASB 9. On 1 July 2019 the prepaid rates were recognised as a financial asset and a related amount recognised as a financial liability and no income recognised by the Shire. When the taxable event occurred, the financial liability was extinguished and the Shire recognised income for the prepaid rates that have not been refunded.

Assets that were acquired for consideration, that were significantly less than fair value principally to enable the Shire to further its objectives, may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significantly less than fair value. Such assets are not required to be remeasured at fair value.

The table below provides details of the amount by which each financial statement line item is affected in the current reporting period by the application of this Standard as compared to AASB 118 and 1004 and related Interpretations that were in effect before the change.

Refer to Note 2(a) for new revenue recognition accounting policies as a result of the application of AASB 15 and AASB 1058.

(c) AASB 16: Leases

The Shire adopted AASB 16 retrospectively from 1 July 2019 which resulted in changes in accounting policies. In accordance with the transition provisions of AASB 16, the Shire has applied this Standard to its leases retrospectively, with the cumulative effect of initially applying AASB16 recognised on 1 July 2019. In applying AASB 16, under the specific transition provisions chosen, the Shire will not restate comparatives for prior reporting periods.

No adjustments were made as a result of the adoption of the standard.

SHIRE OF WAGIN
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

22. CHANGE IN ACCOUNTING POLICIES

(d) Change in Accounting Policies due to regulation changes

Effective 6 November 2020, Local Government (Financial Management) Regulation 16 was deleted and Local Government (Financial Management) Regulation 17A was amended with retrospective application. The changes were effective for financial years ending on or after 30 June 2020 so are required to be applied retrospectively with cumulative effect applied initially on 1 July 2019.

In accordance with the changes, the Shire was required to remove the values attributable to certain crown land assets previously required to be recognised, as well as the associated revaluation surplus at 1 July 2019. These assets have been measured as concessionary lease right-of-use assets at zero cost in accordance with AASB 16.

	Note	Carrying amount 30 June 2019 \$	Reclassification \$	Carrying amount 01 July 2019 \$
Property, plant and equipment	8	20,091,865	(18,000)	20,073,865
Revaluation surplus	11	89,598,913	(18,000)	89,580,913

Also, following changes to Local Government (Financial Management) Regulation 17A, plant and equipment type assets (being plant and equipment and furniture and equipment) are to be measured under the cost model, rather than at fair value. This change is effective from 1 July 2019 and represents a change in accounting policy. Revaluations carried out previously or during the year were not reversed as it was deemed fair value approximates cost at the date of the change.

(e) Changes in equity due to change in accounting policies

The impact on the Shire's retained surplus due to the adoption of AASB 15 and AASB 1058 as at 1 July 2019 was as follows:

	Note	Adjustments	2019 \$
Retained surplus - 30 June 2019			35,220,731
Adjustment to retained surplus from first time adoption of AASB 15	22(a)	(156,315)	
Retained surplus - 1 July 2019			35,064,416

The impact on the Shire's opening revaluation surplus resulting from *Local Government (Financial Management) Regulation 16* being deleted and the amendments to *Local Government (Financial Management) Regulation 17A* as at 1 July 2019 was as follows:

	Note	Adjustments	2019 \$
Revaluation surplus - 30 June 2019			89,598,913
Adjustment to revaluation surplus from deletion of Local Government (Financial Management) Regulation 16	22(d)	(18,000)	
Revaluation surplus - 1 July 2019			89,580,913

23. TRUST FUNDS

Funds held at balance date which are required to be held in trust and which are not included in the financial statements are as follows:

	1 July 2019	Amounts Received	Amounts Paid	30 June 2020
	\$	\$	\$	\$
In Lieu of Public Open Space	8,200	0	0	8,200
	8,200	0	0	8,200

SHIRE OF WAGIN
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

24. OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined using fair value at the ends of the reporting period.

SHIRE OF WAGIN
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

24. OTHER SIGNIFICANT ACCOUNTING POLICIES (Continued)

Leases

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

Right of use assets are measured at cost.

This means that all right of use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (ie. not included in the statement of financial position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value. Refer to Note 1 that details the significant accounting policies applying to vested improvements.

Leases (continued)

Right of use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shortest. Where a lease transfers ownership of the underlying asset, or the cost of the right of use asset reflects that the Shire anticipates to exercise a purchase option, the specific asset is amortised over the useful life of the underlying asset.

All contracts that are classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Leases for right of use assets are secured over the asset being leased.

BRIEF SUMMARY

The 2019/2020 Draft Audit Management Letter with Management's response is attached for discussion and to be received by the Audit Committee.

BACKGROUND/COMMENT

Accounting firm Butler Settineri, on behalf of Council's Auditors – the Office of The Auditor General, completed the audit of the 2019/2020 financial year in late 2020.

As part of the audit process the auditors have issued a Draft Audit Management Letter on their findings from the audit, the auditor's have also requested management to respond on each finding. The responses are attached for the Committee's information, these responses have already been sent back to Butler Settineri.

The Draft Audit Management Letter and management responses are attached for the Committee and Council to receive.

1. Authority for use of corporate credit cards	✓		
2. Changes to supplier master file	✓		
3. Records of assets that are attractive for personal use or resale		✓	

KEY TO RATINGS

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

- Significant** - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly.
- Moderate** - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- Minor** - Those findings that are not of primary concern but still warrant action being taken.

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2020
FINDINGS IDENTIFIED DURING THE FINAL AUDIT

1. Authority for use of corporate credit cards

Finding

The Shire has issued two credit cards with a monthly transaction limit of \$1,000 each to volunteer staff in the State of Emergency Service, which gives the volunteers authority to procure and pay for goods and services on behalf of the Shire.

Local Government Act 1995 Section 5.44 allows the Chief Executive Officer to delegate to any employee of the local government the exercise of any of the CEO's powers or the discharge of duties of the CEO and this delegation must be in writing.

The Shire's Delegation Register does not include the delegation of authority to the volunteers and this delegation would not be allowed in accordance with the Local Government Act 1995 Section 5.44 as the volunteers are not employees of the Shire.

Rating: Significant

Implication

Non-compliance with Section 5.44 of the Local Government Act 1995.

Recommendation

Management should remove the volunteers' access to the credit cards and implement a different system to reimburse the State of Emergency Service volunteers for costs incidental to the services they provide on behalf of the Shire.

SHIRE OF WAGIN MANAGEMENT COMMENTS

These credit cards have been issued for a number of years now. This issue was raised as part of the Financial Management Review that was carried out in May 2020. As such we will be cancelling these credit cards.

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

2. Changes to supplier master file

Finding

We noted that the Shire has only implemented internal controls towards the end of the financial year relating to the independent review of supplier master file changes by management to confirm that all changes made were valid and accurate. As such the controls were not in place throughout the financial year.

Rating: Significant

Implication

There is an increased risk that unauthorised changes may be made resulting in errors or funds being inappropriately transferred.

Recommendation

Management should independently review changes to the supplier master file throughout the year to confirm that they were valid. If not, appropriate action should be taken.

SHIRE OF WAGIN MANAGEMENT COMMENTS

Audit trails are performed by a Manager every payment run which are checked to the corresponding forms then authorised. This procedure has been in place since it was brought to our attention from the Financial Management Review that was carried out in May 2020. The controls will be in place for the full 2020/21 financial year.

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

3. Records of assets that are attractive for personal use or resale

Finding

In accordance with Local Government (Financial Management) Regulations 1996 17B, a Chief Executive Officer must take all reasonable steps to prevent the theft and loss of:

- a. a non-consumable asset that is susceptible to theft or loss due to its portable nature and attractiveness for personal use or resale; and
- b. an asset referred to in regulation 17A(5).

We noted that the Shire has not updated the portable and attractive asset list after assets under \$5,000 were removed from the fixed asset register. The Shire has not implemented other processes to ensure that these assets are identified and secured against theft and loss.

Rating: Moderate

Implication

Incomplete and inaccurate records do not support effective monitoring and management of portable and attractive items, and there is a risk of theft and loss passing undetected.

Recommendation

We recommend that the portable and attractive asset register be maintained and updated regularly.

SHIRE OF WAGIN MANAGEMENT COMMENTS

A more suitable portable and attractive assets register has since been created and will be maintained accordingly. All Managers will be provided with a copy of the register and process to ensure these assets are secured against theft and loss.
