### STATEMENT BY THE SHIRE PRESIDENT

The 2007/2008 Budget was adopted by Council at Special Council meeting on 31<sup>st</sup> July 2007 incorporating an increase in rates of 4% that coincides with the annual CPI increase for the past year.

Council's aim is to maintain and improve its facilities both in the townsite and rural areas. Significant projects that will be achieved during 2007/2008 are;

- New Public Ablutions near the Library \$30,000.
- Replace Rear Perimeter Fence at the Swimming Pool \$15,000.
- Medical Centre internal & external upgrades \$24,000.
- Medical Centre Treatment Beds & Defibrillator \$8,000.
- New Refuse Site Caretaker's Office / Amenities building \$15,000.
- Wetlands Park Ablutions upgrade, Pergola extension, new signage and seating \$11,000.
- Upgrade work on Council Housing \$31,000.
- New water pipe from the Badgarning Dam to the White Dam \$35,000.

In addition to these projects Council will continue to maintain the various community facilities and road infrastructure network. A total of \$960,868 will be allocated to road works with \$249,975 being new Construction works. A detailed breakdown of the Works Program can be found on page 63.

Council continues to remain in a sound financial position thanks to the efforts of the Chief Executive Officer and his team of finance staff. This position has been achieved through careful financial planning.

I take this opportunity to commend the 2007/2008 budget and invite you to discuss any issues arising from the budget with your Councillors or Administration Staff.

Marilyn Brockway  
Shire President

## CHIEF EXECUTIVE OFFICERS REPORT

It gives me great pleasure to present this 2007/2008 Budget document to Council.

### Rate Income

The Valuer General has provided new valuations for Unimproved (UV) properties within the Shire. The valuations vary across the district with no real pattern other than to say in total UV valuations have increased by approximately 7% and Gross Rental Valuations have remained unchanged.

The budget has been formulated with an increase of 4% in rate revenue which has been based on the March 2007 Annual Consumer Price Index figure of 3.5%.

### Grants

Council's grant funding has increased by 4.5% from the 2006/2007 allocations. This increase has mainly been attributed to the increase in Road Project Grants now that Council has three roads receiving funding.

Grant	2007/2008	2006/2007	% Variance
General Purpose Grant	549,000	520,118	+5.5
General Purpose Road Grant	392,000	380,753	+2.9
Roads to Recovery	215,093	215,093	0
Road Project Grant	149,068	107,600	+38.5
Road Direct Grant	67,824	65,548	+3.4
Black Spot Grant	0	23,900	-
<b>Total</b>	<b>1,372,985</b>	<b>1,313,012</b>	<b>+4.5</b>

### Insurance

Council's insurance premiums have increased by 3.4% on the 2006/2007 year. Council's building valuations increase by 25%, however premiums have only increased by 6.2% due to a reduction in the premium rate due to a drop in overall claims. Motor Vehicle and Plant Insurance has increase by 17% due to the increase in value of Council's plant and a rise in claims across the industry.

Council continues to have a good claims history with its insurers and this record is attributed to the minimal increase in premiums across the board.

Insurance	2007/2008	2006/2007	% Variance
Bushfire	2,000	2,000	0
Councillors & Officers Liability	4,184	4,184	0

Marine Cargo	211	211	-
<b>Total</b>	<b>128,222</b>	<b>123,990</b>	<b>+3.4</b>

### Reserve Accounts

Council will commence this financial year with a healthy reserve balance of \$799,361. This has been achieved by the recent sale of vacant lots at the Pederick Drive / Khedive Street subdivision and the sale of a Council house at 21 Tarbet Street.

This budget includes transfers to reserve for Rec Centre equipment \$1,800, Aerodrome maintenance \$5,000, Administration Centre \$4,000, Community Bus \$2,500, and Recreation development \$40,000.

Alternatively reserve funds are proposed to be used to fund the following projects. Staff LSL liabilities \$20,000, Rec Centre equipment purchases carried over from 2006/2007 \$10,000, Plant Replacement \$50,000, various Council Building upgrades \$45,000, Pederick Drive subdivision stage 2 \$12,000, and the Sports Ground RCD installation \$15,000.

This will leave Council's with a closing balance of \$748,623 in reserves which equates to a net reduction of \$50,738 for the 2007/2008 budget.

### Debt Servicing

Three new loans have been included in this budget being \$225,000 for the Light Industrial Development, \$160,000 Wagin Bowling Club and \$100,000 for the Wagin Frail Aged. Both the Wagin Bowling Club and Wagin Frail Aged are self supporting loans to assist in the development of their respective projects.

The outstanding loan principal balance at 1<sup>st</sup> July 2007 will be \$285,760 inclusive of Self Supporting loans. Principal repayments for 2007/2008 amount to \$48,552 and will effectively increase Councils loan principal balance at 30<sup>th</sup> June 2008 to \$722,208 if all new loans are raised.

The Self Supporting loans balance at 1<sup>st</sup> July 2007 is \$37,745 with principal repayments of \$24,634 proposed in 2007/2008 plus the raising of two loans totalling \$260,000 increasing the outstanding principal balance at 30<sup>th</sup> June 2008 to \$273,111.

A detailed report on Council Loans is provided within the budget on page 34.

### **Plan for the Future**

At the March 2006 ordinary Council meeting, Council adopted a 10 year Plan for the Future. As outlined during this process this document would serve as a basis for preparing the 2007/2008 draft budget.

Where possible this document has been used to identify budget items, in particular building maintenance requirements, building capital proposals, and the plant replacement program.

It is a requirement that Councils 'Plan for the Future' be reviewed every two years and this process will therefore need to be completed by March 2008.

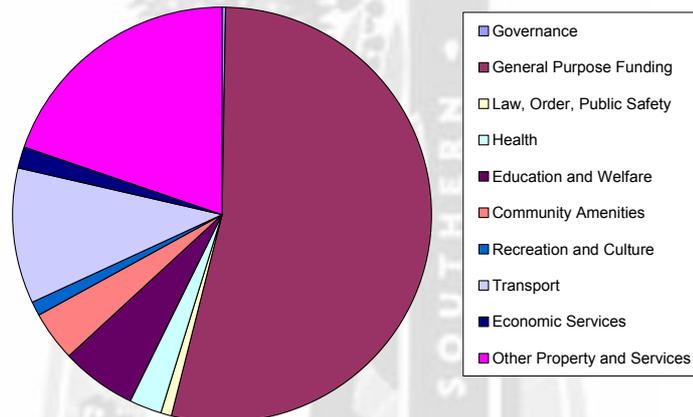

Finally I would like to acknowledge the efforts of my staff in preparing the 2007/2008 budget. In particular the efforts of the Manager of Works Mr Allen Hicks, Special Projects Officer Mr John Case, the Deputy Chief Executive Officer Mr Brian Roderick.

Transport contains road funding of \$67,824 for the direct road grant, \$149,068 for regional road group funding, and \$215,093 for Roads to Recovery funding. For further detail on the associated expenditure that these grant funds will be allocated to please refer to the works program on page 63.

Economic Services includes control of the Shire's flora and fauna, land management, tourism and area promotion, the provision of the Shire Caravan Park and building control.

Other Property and Services incorporate revenue earned by Council running the Wagin Medical Centre as a major trading undertaking. The estimated income from consultation fees, incentive payments and reimbursements equate to \$538,640, in addition to this reimbursements totalling \$280,000 for payroll expenses are received from the Wagin Frail Aged.

Budgeted Operating Expenditure is summarised as follows;

Economic Services includes operating expenditure of \$178,706 relating to tourism, Caravan Park, participation in the Rural Towns Program and Landcare management.

Other Property and Services includes operating expenditure of \$1,061,027 which is directly related to the running of the Wagin Medical Centre, the payroll functions of the Wagin Frail Aged and maintenance of Council's staff houses.

### RATES

#### RATES LEVIED

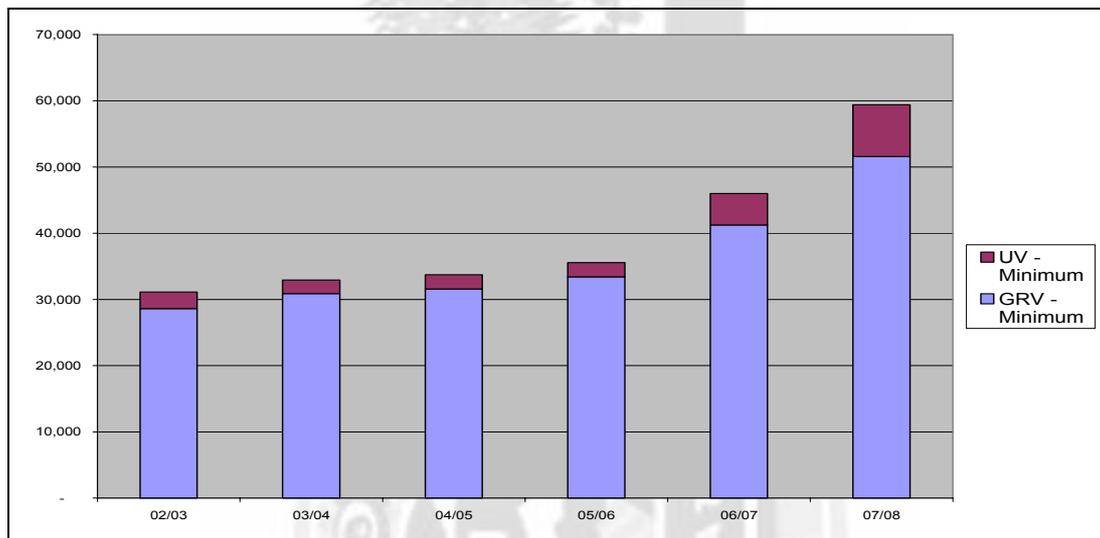

Council has managed to keep the rate increase in 2007/2008 to 4%. State Treasury forecasted an increase in the CPI of 3.5% for 2006/2007. These figures represent the total rates levied excluding the early payment discount and penalty interest for late payment.

Shire of Wagin  
Annual Budget 2007/2008

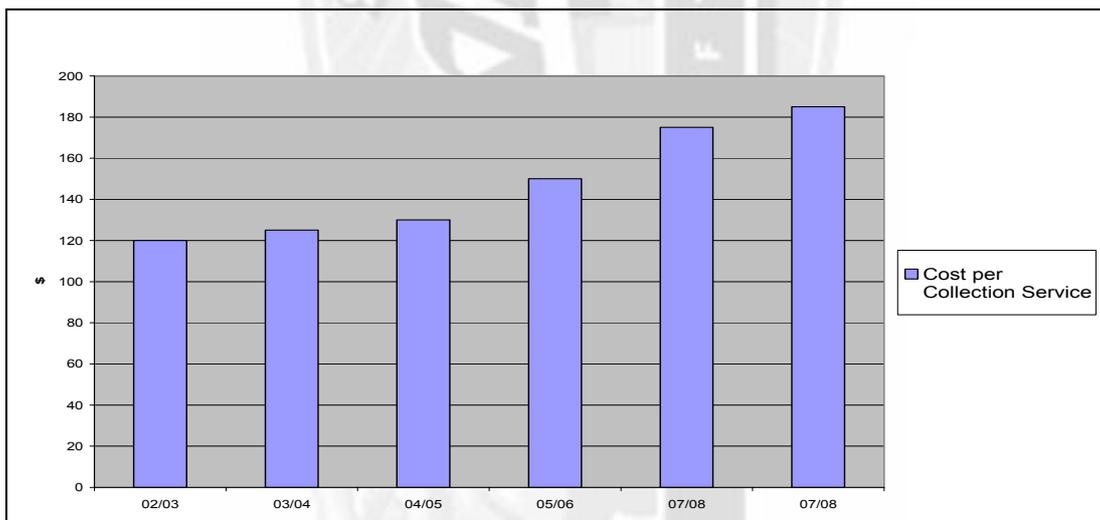

The Shire of Wagin offers its ratepayers the opportunity to pay their annual rates by way of three options. One full payment attracting a 5% discount, or two equal instalments payable two months part, or 4 equal instalments payable two monthly. Further information can be found in notes 12 and 13.

MINIMUM RATES LEVIED

The Minimum rates charged for 2007/2008 have been increased from \$250 to \$300. The objective of minimum rates is to ensure that every landowner makes an annual contribution to the services and facilities provided by the Shire of Wagin.

RUBBISH CHARGES

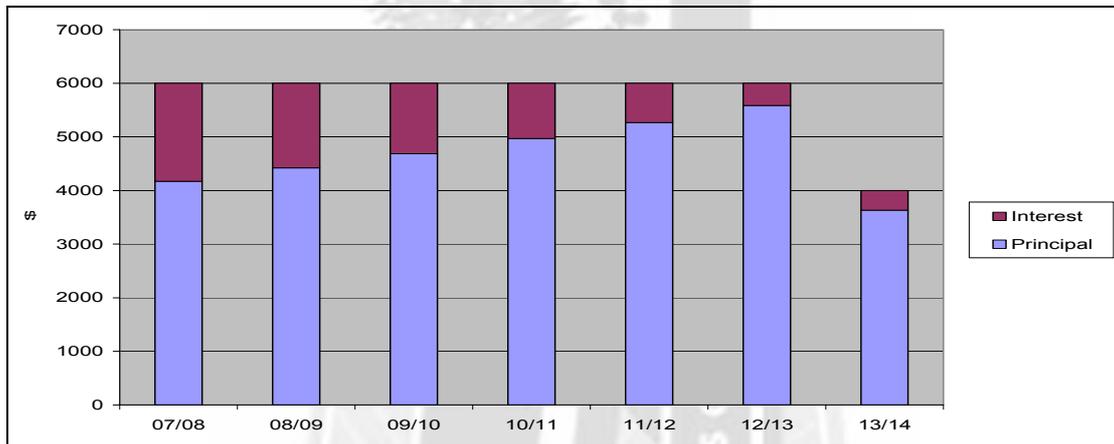

The rubbish charges are levied on all properties within the gazetted Wagin townsite in accordance with the Health Act. The domestic and commercial charges are offset against the contract collection service and the ongoing maintenance and control of the Wagin refuse disposal site. In

2007/2008 it is proposed to man the tip and install a caretaker's office / amenities room. These additions are necessary to conform to the Environmental Protection Authority' licence conditions. This additional work has resulted in the collection service charges increasing from \$175 to \$185.

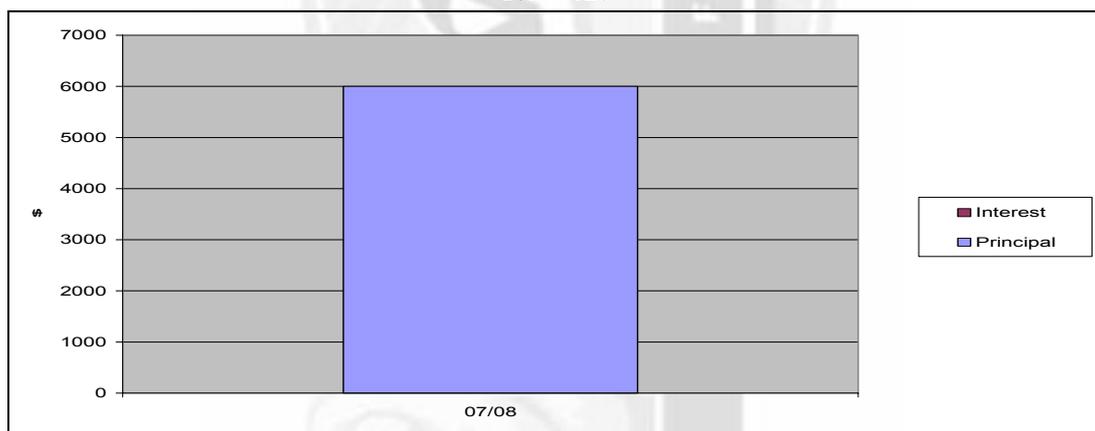

### DEBT MANAGEMENT

#### LOAN 124

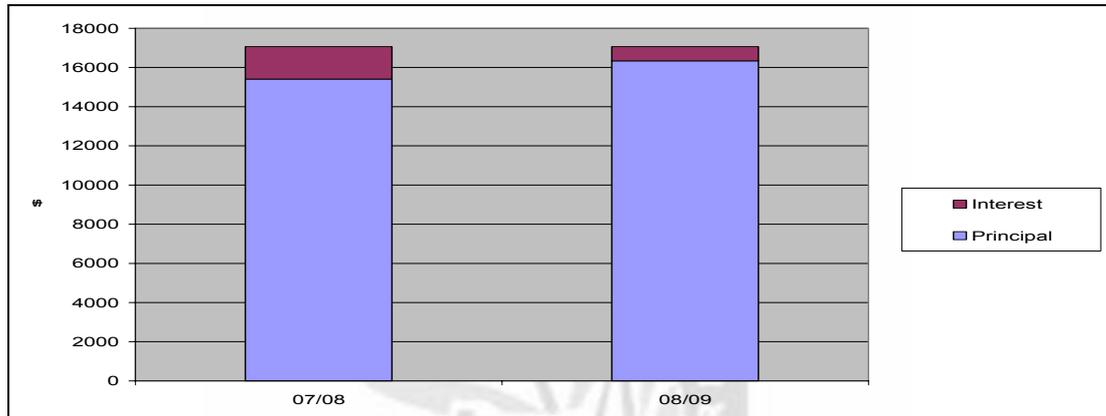

Loan 124 was taken out on 29<sup>th</sup> March 1997 for \$240,000 when the Shire constructed the Wagin Medical Centre building. At the time of the loan being financed the Shire was receiving a rental income from the Medical Practitioner, on 1<sup>st</sup> March 2003 the Shire began running the Wagin Medical Centre as a major trading undertaking due to the inability of finding a suitable Medical Practitioner that wanted to control their own medical practice. As a result the Shire no longer receives any rental income, and instead now receives an annual profit or loss for the provision of this service.

#### LOAN 127

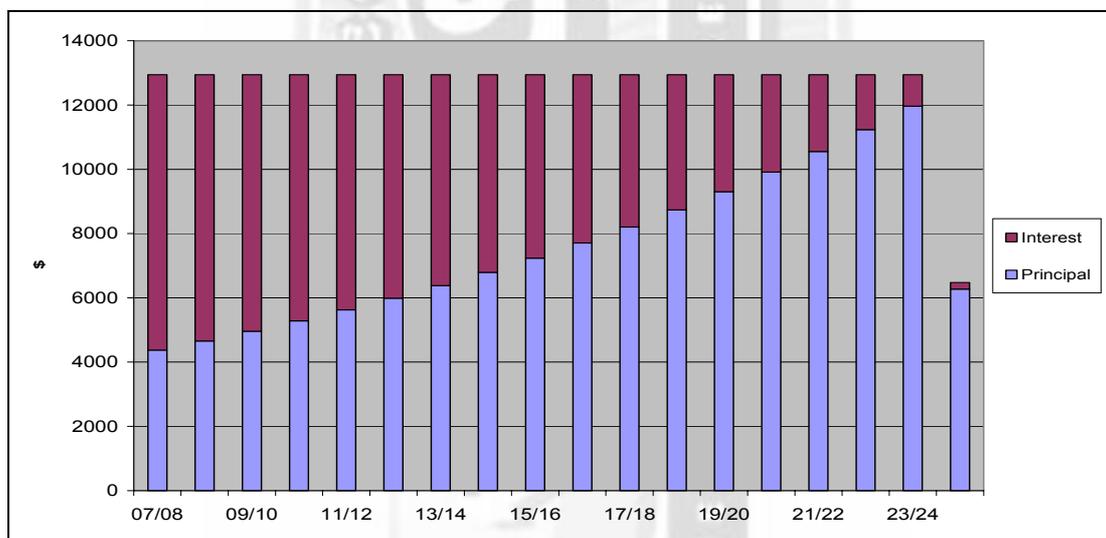

Loan 127 was taken out on 9<sup>th</sup> May 2003 for \$30,000 at the request of the Wagin Frail Aged on a self supporting basis to fund the construction of additional accommodation facilities. Whilst the Shire pays each loan repayment the full costs are recouped from the Wagin Frail Aged. This is an interest free loan from The Grain Pool of WA.

LOAN 128

Loan 128 was taken out on 23<sup>rd</sup> February 2005 for \$60,000 at the request of the Wagin Agricultural Society on a self supporting basis to fund the construction of an office at the Wagin Recreation Centre. Whilst the Shire pays each loan repayment the full costs are recouped from the Wagin Agricultural Society.

LOAN 131

Loan 131 was taken out on 30<sup>th</sup> June 2005 for \$145,000 for the purpose of funding the construction of the Recreation Centre redevelopment project in partnership with the Wagin Agricultural Society. The project cost was approximately \$1.4m with \$200,000 provided by the Wagin Agricultural Society, \$359,000 from CSRFF grant funding, \$225,000 from LotteryWest and the balance funded by the Shire.

## PROPOSED LOANS

Loan 132, \$225,000 is proposed to fund the total cost involved in preparing a light industrial subdivision. Whilst this project is in its early stages if significant progress is made in 2007/2008 a funding source is identified to cover the subdivision costs. Council will actively attempt to secure grant funding for some or all of the headworks charges, and use the future sale proceeds of the blocks to fund the loan repayments.

Loan 133, \$160,000 is at the request of the Wagin Bowling Club on a self supporting basis to fund the construction of a second synthetic bowling green.

Loan 134, \$100,000 is at the request of the Wagin Frail Aged Inc on a self supporting basis to fund the new additions to Waratah Lodge.

Note that loan 132 was included in the 2005/2006 and 2006/2007 Adopted Budgets but not raised as a result of the corresponding expenditure not being incurred. This will again apply for 2007/2008.

I certify that this budget, for the Shire of Wagin for the year ending 30<sup>th</sup> June 2008, as adopted by Council at a Special Council Meeting held on 31<sup>st</sup> July 2007, is in accordance with Section 6.2 of the Local Government Act 1995 and Part 3 of the Local Government (Financial Management) Regulations 1996.

**SHIRE OF WAGIN  
NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2008**

**1. SIGNIFICANT ACCOUNTING POLICIES**

The significant accounting policies which have been adopted in the preparation of this financial report are:

**(a) Basis of Accounting**

The budget has been prepared in accordance with applicable Australian Accounting Standards, other mandatory professional reporting requirements and the Local Government Act 1995 (as amended) and accompanying regulations (as amended). The budget has also been prepared on the accrual basis under the convention of historical cost accounting.

**(b) The Local Government Reporting Entity**

All Funds through which the Council controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements, but a separate statement of those monies appears at Note 16 to this budget.

**(c) 2006/07 Actual Balances**

Balances shown in this budget as 2006/07 Actual are as forecast at the time of budget preparation and are subject to final adjustments.

**(d) Rounding Off Figures**

All figures shown in this budget, other than a rate in the dollar, are rounded to the nearest dollar.

**(e) Rates, Grants, Donations and Other Contributions**

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

**(f) Goods and Services Tax**

In accordance with recommended practice, revenues, expenses and assets capitalised are stated net of any GST recoverable. Receivables and payables are stated inclusive of applicable GST.

**(g) Superannuation**

The Shire of Wagin contributes to various Superannuation Schemes. These funds are defined contribution schemes.

**(h) Cash and Cash Equivalents**

Cash and cash equivalents comprise cash at bank and in hand and short-term deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purposes of the Cash Flow Statement, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts. Bank overdrafts are included as short-term borrowings in current liabilities.

**SHIRE OF WAGIN  
NOTES TO AND FORMING PART OF THE BUDGET  
FOR THE YEAR ENDED 30TH JUNE 2008**

**(i) Trade and Other Receivables**

Trade receivables, which generally have 30 - 90 day terms, are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less any allowance for uncollectible amounts.

Collectibility of trade receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

**(j) Fixed Assets**

***Initial Recognition***

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed includes the cost of all materials, direct labour and variable and fixed overheads.

***Revaluation***

Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. For infrastructure and other asset classes where no active market exists, fair value is determined to be the current replacement cost of an asset less, where applicable, accumulated depreciation calculated on a basis to reflect the already consumed or expired future economic benefits.

Those assets carried at a revalued amount, being their fair value at the date of revaluation less any subsequent accumulated depreciation and accumulated impairment losses, are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

**(k) Depreciation of Non-Current Assets**

All non-current assets having a limited useful life are separately and systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets.

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation periods are:

Buildings	40 years
Furniture and Office Equipment	10 years
Computer and Electronic Equipment	4 years
Plant and Equipment	
- Construction Plant (eg Graders, FE Loaders, tractors & Rollers)	10 years
- Trucks	5 years
- Sedans	1 year
- Other Plant and Equipment	10 years

- Roads	30 years
- Footpaths and Walkways - Slabs	20 years

- Drainage - below ground	60 years

- Vehicle bridges and culverts (wood)	20 years

**SHIRE OF WAGIN**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30TH JUNE 2008**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(k) Depreciation of Non-Current Assets (Continued)**

The following infrastructure assets are not depreciated due to the high ongoing cost of maintenance;

- Parks and playing field surfaces
- Reticulation systems
- Drainage reserves

The following infrastructure assets are not capitalised owing to their cost being immaterial;

- Street Furniture
- Pedestrian / Bus shelters
- Street signs

**(l) Investments and Other Financial Assets**

Financial Assets in the scope of AASB 139 'Financial Instruments: Recognition and Measurement' are classified as either financial assets at fair value through profit or loss, loans and receivables, held-to-maturity investments, or available-for-sale financial assets. When financial assets are recognised initially, they are measured at fair value, plus, in the case of investments not at fair value through profit or loss, directly attributable transaction costs. The Council determines the classification of its financial assets after initial recognition and, when allowed and appropriate, re-evaluates this designation at each financial year end.

**(m) Land Held for Resale**

Land purchased for development and/or resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development and interest incurred on the financing of that land during its development. Interest and holding charges incurred after development is complete are recognised as expenses.

Revenue arising from the sale of property is recognised in the operating statement as at the time of signing a binding contract of sale.

**(n) Impairment**

In accordance with Australian Accounting Standards the Council's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an estimate of the recoverable amount of the asset is made in accordance with AASB 136 "Impairment of Assets" and appropriate adjustments made.

An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in the Income Statement.

At the time of adopting the budget, it is not possible to estimate the amount of impairment losses (if any) as at 30 June 2008.

In any event, an impairment loss is a non-cash transaction and consequently, has no impact on this budget document.

**SHIRE OF WAGIN**

**NOTES TO AND FORMING PART OF THE BUDGET**

**FOR THE YEAR ENDED 30TH JUNE 2008**

**1. SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(o) Trade and Other Payables**

Trade and other payables are carried at amortised cost. They represent liabilities for goods and services provided to the Municipality prior to the end of the financial year that are unpaid and arise when the Municipality becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured and are usually paid within 30 days of recognition.

**(p) Employee Benefits**

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

**(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)**

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the municipality has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Council expects to pay and includes related on-costs.

**(ii) Annual Leave and Long Service Leave (Long-term Benefits)**

The provision for employees' benefits for annual leave and long service leave expected to be settled more than 12 months from the reporting date represents the present value of the estimated future cash outflows to be made by the employer resulting from the employees service to balance date.

**(q) Interest-bearing Loans and Borrowings**

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

The general rates detailed above for the 2007/08 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also bearing considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.
