Delegation No.

ADOPTED POLICY	
Title:	BUSHFIRE RISK MANAGEMENT PLAN
Objective:	To only allow owners of property within the Shire of Wagin to view their bushfire risk rating as stated in the Bushfire Risk Management Plan

Background:

Under the *State Hazard Plan for Fire (formerly Westplan Fire)* an integrated Bushfire Risk Management Plan (BRM Plan) is to be developed for local government areas with significant bushfire risk. This BRM Plan has been prepared for the Shire of Wagin in accordance with the requirements of *State Hazard Plan for Fire* and the *Guidelines for Preparing a Bushfire Risk Management Plan*.

The risk management processes used to develop this BRM Plan are aligned to the key principles of *AS/NZS ISO 31000:2009 Risk management – Principles and guidelines (AS/NZS ISO 31000:2009)*, as described in the Second Edition of the *National Emergency Risk Assessment Guidelines (NERAG 2015)*. This approach is consistent with the policies of the State Emergency Management Committee.

This BRM Plan is a strategic document that identifies assets at risk from bushfire and their priority for treatment. The resulting ‘Treatment Schedule’ sets out a broad program of coordinated multi-agency treatments to address risks identified in the BRM Plan. Government agencies and other land managers responsible for implementing treatments participate in developing the BRM Plan to ensure treatment strategies are collaborative and efficient, regardless of land tenure. Treatments will be guided by risk priority, not land tenure, and will not be limited to local government managed lands.

Assets, risk assessments and treatment data is stored and maintained in an electronic database

– the Bushfire Risk Management System (BRMS). Shire personnel will have access to the Shire’s data and are able to produce reports including the *Asset Risk Register* and *Treatment Schedule* as well as detailed maps.

This BRM Plan consists of:

- Bushfire Risk Management Plan
- Communications Strategy (*Attachment 1*)
- Local Government Wide Controls & Multi Agency Work Plan (*Attachment 3*)
- Asset Risk Register (*refer to Section 4.3.4*)
- Treatment Schedule (to be completed within 6 months of endorsement of the BRM Plan)
