**ARE YOU  
BUSHFIRE  
READY?**

## ***Tips for Survival in a Bushfire – HAVE A FIRE CHAT***

Bushfires are unpredictable and happen every year. The single biggest killer is indecision. To survive a bushfire you must be prepared to make your own decisions. During a bushfire the safest place to be is away from the fire. You and your family's survival depend on the decisions you make and how you act. **Be prepared and have a plan.**

-  **1 WHEN** will you know to leave?
