A welcoming country town known for its rich history, friendly locals, and vibrant community spirit.

Our sheep were first shorn here over 150 years ago and Wagin has a proud history of wool, farming and community.

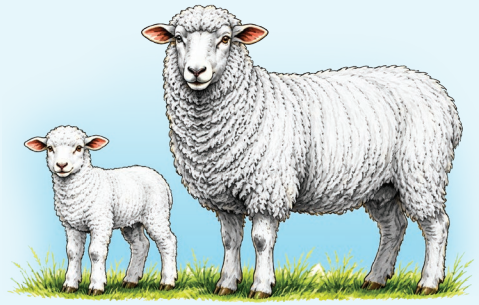

Follow the trail, find the sheep sculptures around town and discover what makes Wagin so special!

Take your time, roam around, look closely – there's woolly wonders to be found!

In the main street, or down a lane, no two sheep are the same.

Follow the map, come out and play, you may just find a sheep along the way.

Join the trail, come and see, just how wonderful Wagin can be!
