Revised Format	A Smith	1	5 June 2009	

Glossary

Terminology used throughout this document is outlined below. In the event that the meaning is not presented, terminology shall have the meaning as described in section 3 of the Emergency Management Act 2005 (the Act).

Emergency Risk Management (ERM) – is a systematic process that produces a range of measures that, on implementation, contribute to the safety and wellbeing of communities and the environment. This process considers the likely effect of hazardous events and the measures by which they can be minimised.

Hazard A situation or condition with potential for loss or harm to the community or the environment.

Risk A concept used to describe the likelihood of harmful consequences, arising from the interaction of hazards, communities and the environment.

District Emergency Management Committee (DEMC) – a DEMC is established for each emergency management district. The committees are chaired by Police District Officers, as District Emergency Coordinator, (except for the Metropolitan Emergency Management Executive Group (MEMEG), which is chaired by the Assistant Commissioner Metropolitan), with a FESA Regional Director as Deputy Chair. Executive Officer support is provided by FESA Managers nominated by FESA Chief Executive Officer.

Hazard Management Agency (HMA) – is an organisation which, because of its legislative responsibility or specialised knowledge, expertise and resources is responsible for ensuring that emergency management activities pertaining to the prevention of, preparedness for, response to and recovery from a specific hazard are undertaken [see s. 4 of the Act]. Such organisations are either designated by legislation or detailed in state emergency management plans.

Local Emergency Coordinator – the Officer in Charge of each Police subdistrict is appointed by the State Emergency Coordinator (the Commissioner of Police) for the local government district in which they are situated [s. 37(1) of the Act]. The Local Emergency Coordinator provides advice and supports to its LEMC in the development and maintenance of local emergency management arrangements, assists HMAs in the provision of a coordinated response during an emergence in the district, and carries out other emergency management arrangements directed by the State Emergency Coordinator [s. 37(2) of the Act].

Local Emergency Management Committee (LEMC) – the local government is to establish one or more LEMCs for the local government district, based on local government boundaries. The committee is chaired by a nominee of the local government, and the Local Emergency Coordinator, whose jurisdiction covers the local government area concerned, is a member. The LEMC is established by the local government to ensure that local emergency management arrangements are written and placed into effect for its district [s. 38 of the Act].

Local Emergency Management Arrangements – written by the local government, local emergency management arrangements are documented emergency management plans for the local government district. Consistent with State emergency management policies and plans, arrangements are to include information as stipulated in section 41(2) of the Act, accommodating the comprehensive approach to emergency management (Prevention/Mitigation, Preparedness, Response and Recovery) that contribute to the reduction or elimination of hazards and to reducing the susceptibility or increase in the resilience to hazards of the community or the environment in the local government district.

Prevention, Preparedness, Response and Recovery (PPRR) – makes up a legitimate and valid system of emergency management (ref s. 3 of the Act). Each element represents a dynamic set of actions flowing into the next. Communities are encouraged to take greater responsibility for their own safety, to be more self-reliant and better prepared for the eventualities of emergencies. Activities of each of these elements together provide a method for local communities to minimise the impact of emergencies.

Prevention - activities to eliminate or reduce the probability of occurrence of a specific hazard. They also reduce the degree of injury or damage likely to be incurred.

Preparedness – activities that focus on essential emergency response capabilities through the development of plans, procedures, the organisation and management of resources, training and public education. These activities support the local community in their preparations for a safer environment.

Response – activities that combat the effects of the event, provide emergency assistance for casualties, and help reduce further injury or damage and facilitate effective recovery operations for and in the local community.

Recovery – activities designed to support emergency affected local communities in reconstruction of the physical infrastructure and restoration of emotional, social, economic and physical wellbeing. During recovery operations, actions are taken to minimise the recurrence of the hazard and/or lessen its effects on the community.

Situation Reports (Sitreps) – are formal written communications to participating organisations to ensure they are regularly informed during an emergency. Controversial issues should be advised to the next higher level as soon as possible rather than waiting for inclusion in the next routine sitrep.

State Emergency Management Committee (SEMC) – the SEMC is established under section 13(1) of the Act. Section 13(2) stipulates membership of the SEMC, which consists of the Commissioner of Police, as State Emergency Coordinator and Chair, and the Chief Executive Officer of the Fire and Emergency Services Authority (FESA) as Deputy Chair. The Executive Director, FESA Strategic Management Directorate, is the SEMC Executive Officer. Other members include a local government representative and other members as are provided for by the Minister.

In accordance with the Act, the SEMC has established six subcommittees whose membership includes those organisations essential to the State's emergency management arrangements. The subcommittees are:

- (1) Emergency Services Subcommittee;
- (2) Public Information Group;
- (3) Lifelines Services Group;
- (4) Recovery Services Subcommittee;
- (5) State Mitigation Committee
- (6) Health Services Subcommittee

PART 1: Management

Authority

These arrangements have been prepared by the Shire of Wagin Local Emergency Management Committee - they have been tabled for information and comment with the Great Southern District Emergency Management Committee and endorsed by council of the Shire of Wagin.

Area Covered

The Shire of Wagin, situated in the south west interior of Western Australia, 220 Km south east from Perth, is a rural local authority servicing a population of approximately 1900 people and covering an area of 1950 square kilometres. There are two town sites within the Shire of Wagin, namely Wagin and Piesseville.

Purpose

“The purpose of these emergency management arrangements is to set out:

- a) the Shire of Wagin policies for emergency management;
- b) the roles and responsibilities of public authorities and other persons involved in emergency management in the Wagin district;
- c) provisions about the coordination of emergency operations and activities relating to emergency management performed by the persons mentioned in paragraph b);
- d) a description of emergencies that are likely to occur in the Wagin district;
- e) strategies and priorities for emergency management in the Wagin district;
- f) other matters about emergency management in the Wagin district prescribed by the regulations; and
- g) other matters about emergency management in the Wagin district the Shire of Wagin considers appropriate”. (s. 41(2) of the Act).

Scope

- a) This document applies to all areas encompassed within the established boundaries of the local government known as the Shire of Wagin.
- b) These arrangements cover areas when the Shire of Wagin provides support to HMAs and other agencies in the event of an emergency event.
- c) This document comprises details on the capacity of the Shire of Wagin in relation to the provision of resources to support the effective management of emergencies.
- d) The Shire of Wagin’s responsibilities in recovery operations and the restoration and reconstruction of services and facilities within the community are detailed in this document.
- e) These arrangements serve as a guide to emergency management at the local level.

An emergency situation may graduate and require to be managed at a regional or state level.

Existing Plans and Arrangements

Documentation from State and Federal Government Agencies related to this plan can be found on the FESA website – www.fesa.wa.gov.au and on a 2GB USB Flash Drive held in the safe of the Shire of Wagin Administration Centre.

Agreements, Understandings and Commitments

Mutual Aid Agreements, such as sharing of resources, Evacuation Centres etc, will be discussed with the following local Shires:

- Shire of Williams
- Shire of West Arthur
- Shire of Woodanilling
- Shire of Dumbleyung
- Shire of Kojonup
- Shire of Narrogin
- Town of Narrogin

Any agreements put in place in the future will have copies included as an appendix.

Special Considerations

Seasonal activities like harvest periods impact on the availability of volunteer resources and should be noted when planning activities to test this Recovery plan.

Early March each year there is a large number of visitors to Wagin for the Woolorama Agricultural Show, and again this needs to be taken into account when testing the recovery plan.

Resources

A resources list for the Shire of Wagin equipment is appendix 3. Additional resources available within the Shire are reviewed and up-dated in September of each year as a minimum.

Financial Arrangements

Funding for training and administrative functions is budgeted by the Shire of Wagin. Exceptional circumstances or natural disasters have not been provided for and financial assistance will be sought from relevant State or Federal government sources.

Roles and Responsibilities

Section 41 (2) (b) of the Act requires that the roles and responsibilities of public authorities and other persons involved in emergency management in the local government district be set out. The descriptions and responsibilities for the Local Emergency Coordinator, the LEMC and the LEMC Chairman are set out in Act. They are as follows:

Local Emergency Coordinator

The Local Emergency Coordinator is appointed by the State Emergency Coordinator (Commissioner of Police) and is based on local government districts [s. 37 of the Act]. The Officer in Charge of each WAPOL subdistrict has been appointed as a Local Emergency Coordinator in the local government district which contains the WAPOL subdistrict. There may be more than one Local Emergency Coordinator in each local government district.

The local emergency coordinator for a local government district has the following functions [s. 37(4) of the Act]:

- a) to provide advice and support to the LEMC for the district in the development and maintenance of emergency management arrangements for the district;
- b) to assist hazard management agencies in the provision of a coordinated response during an emergency in the district; and
- c) to carry out other emergency management activities in accordance with the directions of the State Emergency Coordinator.

The Local Emergency Coordinator is the Officer in Charge (OIC) of Wagin Police Station.

LEMC Chairman

The Shire President has been nominated as the Chairman for the Local Emergency Management Committee. [s. 38(3) of the Act].

Local Emergency Management Committee

Local Emergency Management Committees (LEMC) is based on the local government boundaries. The Chairman of the LEMC is appointed by the local government [s. 38 of the Act]. The functions of LEMC are [s. 39 of the Act]:

- a. to advise and assist the local government in establishing local emergency management arrangements for the district;
- b. to liaise with public authorities and other persons in the development, review and testing of the local emergency management arrangements; and
- c. to carry out other emergency management activities as directed by SEMC or prescribed by regulations.

Public authorities and others

The Public authorities personnel not normally represented in Wagin will be sourced from Narrogin, Katanning or Albany as required.

Emergency Coordination Centre (ECC) Management

An emergency coordination centre is located at the Shire of Wagin Administration Centre where facilities have been put in place by the Shire for emergency communication and limited emergency power.

In certain circumstances a Forward Control Point (FCP) may be establish to provide onsite command and control. Operational and Standing Operating Procedures (SOPs) lay down prescribed routine actions to be followed by staff during operations. They cover such procedures as indicated in Table 1.

Emergency Operational and Standing Operating Procedures

Table 1:

Activating ECC	ECC Procedures	ECC Stand-down
Opening ECC Call out staff	Message Flow Information display	Filing messages/records Cleaning display boards/maps
Opening communication systems	Information processing	Stand-down staff
Preparing Display boards and maps	Resource Deployment	Closing communications systems
Preparing staff roster	Preparing Situation Reports (Sitreps)	Close down ECC
Password for computers and photocopiers etc	Preparing media bulletins	Initial and Follow-up debrief
	Decision Making	Initiate and follow-up debrief
	Information briefings	

PART 2: Planning

Local Emergency Management Committee

Wagin LEMC membership includes:

- a chairman: appointed by the relevant local government [s. 38(3) of the Act]; and
- a local emergency coordinator(s): appointed by the State Emergency Coordinator for the local government district [s. 37(1) of the Act], when not appointed as the Chairman.

In addition to those members specified in the Act, in order to make local emergency management work, Wagin LEMC membership includes:

- Local government representatives;
- Representatives from local Emergency Management Agencies in the local government district, e.g., FESA representative, health/medical/education representative; and
- Any other representatives as shall be determined by the local government e.g., community champions.

Secretariat and administration support is provided by the Shire of Wagin.

Emergency Risk Management (ERM)

The following tables reflect the initial risk assessments conducted by the Shire of Wagin in accordance with the directions of the Emergency Management Act 2005. The risk assessment is based on the standard for risk assessment – AS/NZS 4360:2004

Note: The Wagin Woolorama held at the Wagin sportsground facilities in March of each year, has a separate risk assessment which is approved by the Local Emergency Coordinator annually.

Risk Assessment Matrix Used

E – Extreme risk – detailed action plan required
 H - High risk – needs senior management attention
 M – Medium risk – specify management responsibility
 L – Low risk – manage by routine procedures

High or Extreme risks must be reported to Senior Management and require detailed treatment plans to reduce the risk to Low or Medium.

				Consequence				
				Injuries or ailments not requiring medical treatment.	Minor injury or First Aid Treatment Case.	Serious injury causing hospitalisation or multiple medical treatment cases.	Life threatening injury or multiple serious injuries causing hospitalisation.	Death or multiple life threatening injuries.
				Internal Review	Scrutiny required by internal committees or internal audit to prevent escalation.	Scrutiny required by external committees or inquest, etc.	Intense public, political and media scrutiny. Eg: front page headlines, TV, etc.	Assembly inquiry or Commission of inquiry or adverse national media.
				Minor errors in systems or processes requiring corrective action, or minor delay without impact on overall schedule.	Policy procedural rule occasionally not met or services do not fully meet needs.	One or more key accountability requirements not met. Inconvenient but not client welfare threatening.	Strategies not consistent with Government's agenda. Trends show service is degraded.	Critical system failure, bad policy advice or ongoing non-compliance. Business severely affected.
				1% of Budget or <\$5K	2.5% of Budget or <\$50K	> 5% of Budget or <\$500K	> 10% of Budget or <\$5M	>25% of Budget or >\$5M

Testing During the Planning Process

Exercising and testing during the planning process is essential to ensure that the arrangements are workable and effective. Exercising the arrangements during the planning process will allow the Wagin LEMC to:

- test the effectiveness of the local arrangements;
- bring together members of emergency management agencies and give them knowledge of, and confidence in, each other;
- help educate the community about local arrangements and programs;
- allow participating agencies an opportunity of testing their operational procedures and skills in simulated emergency conditions; and
- test the ability of separate agencies to work together on common tasks, and to assess effectiveness of co-ordination between them.

Some examples of Wagin's future exercises include:

- a phone tree system based on the Wagin area fire map grid reference system
- opening and closing procedures for evacuation centres or any facilities that might be operating in an emergency;
- coordination centres;
- airport emergency power;
- locating and activating resources; and
- contacting key people or their deputies

PART 3: Response

Risks

The ERM process, as discussed earlier, forms the foundation of Wagin's community's local emergency management arrangements, as it identifies risks in the local community.

Wagin community's ability to cope with the impact of emergencies will depend largely on the relevant HMA's plans.

A quick way to identify the appropriate HMAs and relevant Westplans and Local Plans for specific hazards is presented in Table 2. The table will be added to over time as relevant plans become available.

Table 2: Hazards, Responsible HMAs, and Appropriate Local and State Plans

Evacuation

Evacuation is a risk management strategy which may need to be implemented, particularly in regards to flooding and bush fires. The decision to evacuate will be based on an assessment of the nature and extent of the hazard, the anticipated speed of onset, the number and category of people to be evacuated, evacuation priorities and the availability of resources. These considerations should focus on providing all the needs of those being evacuated to ensure their safety and on-going welfare. The HMA will make decisions on evacuation and ensure that community members have appropriate information to make an informed decision as to whether to stay or go during an emergency.

Under section 67 of the Act a hazard management officer or authorised officer during an emergency situation or state of emergency may do all or any of the following:

- a. Direct or by direction prohibit the movement of persons, animals and vehicles within, into, out of or around an emergency area or any part of the emergency area;
- b. Direct the evacuation and removal of persons or animals from the emergency area or any part of the emergency area;
- c. Close any road, access route or area of water in or leading to the emergency area.

Evacuation is an important part of the emergency management process. Essentially the management of evacuation is the responsibility of the hazard management agency in charge of the event; however **it is the responsibility of local governments to ensure the provision of facilities for use as welfare centres in an emergency**. Hence it is important that local governments identify and document the resources and facilities that can assist and cope with evacuees.

Evacuation Planning Principles

The general policy of the State's emergency management organisation is that:

- a. As far as is possible, community members should be involved in the decision to stay or evacuate when threatened by an emergency; and
- a. The decision to evacuate will only be made by a Hazard Management Agency or an authorised officer when the members of the community at risk do not have the capability to make an informed decision or when it is evident that loss of life or injury is imminent. See State Emergency Management Policy No. 4.7 Emergency Evacuation for more detailed evacuation planning principles.

In consultation with the community and the Department for Community Development (DCD), the HMA is responsible for ensuring arrangements are in place for the care of evacuees until such time as they can return.

It is important to also consider evacuation **INTO your community should an emergency occur in a neighbouring community that requires evacuation out of their area. This should be coordinated in your arrangements with your neighbouring communities. Consideration should also be given to evacuation from your community to another.**

Demographic Details

Table 3 represents the number of people in demographic groups that are expected in each area during the day and the night. These are based on statistics from Australian Bureau of Statistics National Regional Profile 2004.

Table 3: Demographic Details

Categories	Wagin - No by day/No by night	Piesseville	Total
Adults	1403/1403	4/4	1407/1407
Secondary School age	67/67	0/0	67/67
Primary School age	209/209	0/0	209/209
Pre-school age	129/129	0/0	129/129
Hospital patients	25/25	0/0	25/25
Resident homes for the aged	20/20	0/0	20/20
People with disabilities	69/69	0/0	69/69
People needing electricity for medical reasons	10/10	0/0	10/10

Evacuation Matrix

The purpose of a matrix is to outline the length of time and number of people the facilities and resources in the local government area can facilitate. An Evacuation Matrix is provided in Table 4, and a copy has been provided as Attachment 6.

Table 4: Evacuation Matrix

No of People	Duration				
	0-8Hrs	8Hrs-1Day	1-3Days	3-7Days	1Week+
1-10	Rec Centre	Rec Centre	Rec Centre	Rec Centre	
10-100	Rec Centre	Rec Centre	Rec Centre	Rec Centre	
100-500	Rec Centre	Rec Centre	Rec Centre		
500+					

Notes:

1. The Wagin Town Hall facilities is intended to be utilised for Volunteers accommodation and messing facilities, but could be used as a supplementary resource to accommodate an additional maximum of 100, however limited ablutions facilities are available.
2. Wagin District High School and Golf Club are additional evacuation facilities that may be utilised to supplement the Shire facilities if required.
3. Wagin has a limited number of bedding supplies that would be required for any overnight accommodation needs, and these would require transport arrangements from regional centres.

Section 4: Recovery

4.1 Plan Structure

4.2 Part 1: Management

4.2.1 Authority

This Recovery Plan has been prepared in accordance with the requirements of the Emergency Management Act 2005 [s.41 (4)] as part of the Wagin Local Emergency Management Arrangements and endorsed by the Shire of Wagin Local Emergency Management Committee. The Plan was endorsed by councillors of the Shire of Wagin meeting and has been tabled for information and comment by the District Emergency Management Committee.

4.2.2 Date

This version of the Shire of Wagin Emergency Management plan was prepared in June 2008 and supersedes the Shire of Wagin Emergency Management plan of 1998

4.2.3 Area Covered

The Recovery Plan covers the whole of the geographical area of the Shire of Wagin including the town sites of Wagin and Piesseville.

4.2.4 Aim

The aim of this document is to detail the community's recovery management arrangements that may be implemented following an emergency to restore, as quickly as possible, the quality of life in an affected community, so that they can continue to function as part of the wider community.

4.2.5 Objectives

The objectives of the plan are to:

- establish the organisation and procedures for the management of recovery from emergencies in the Shire of Wagin
- identify the roles and responsibilities of participating organisations/agencies
- establish a basis for the coordination of recovery for the community.

4.2.6 Scope

The scope of these recovery arrangements is limited to the boundaries of the Shire of Wagin. It details the general recovery arrangements for the community and does not in any way detail how individual organisations will conduct recovery activities within their core business areas.

4.2.7 Title

The title of this plan is the “Shire of Wagin Local Recovery Plan”

4.2.8 Related Documents

Documentation from State and Federal Government Agencies related to this plan can be found on the FESA website – www.fesa.wa.gov.au or on a 2GB USB Flash Drive held in the safe of the Shire of Wagin Administration Centre.

4.2.9 Agreements, Understandings and Commitments

Mutual Aid Agreements, such as sharing of resources, Evacuation Centres etc, will be discussed with the following local Shires:

- Shire of Williams
- Shire of West Arthur
- Shire of Woodanilling
- Shire of Dumbleyung
- Shire of Kojonup
- Shire of Narrogin
- Town of Narrogin

Any agreements put in place will have copies included as an appendix.

4.2.10 Additional Support

Additional support, if warranted, will be sought from Albany via DEMC.

4.2.11 Special Considerations

Seasonal activities like harvest periods impact on the availability of volunteer resources and should be noted when planning activities to test this Recovery plan.

Early March each year there is a large number of visitors to Wagin for the Woolorama Agricultural Show, and again this needs to be taken into account when testing the recovery plan.

4.2.12 Resources

The Local Recovery Coordinator is responsible for determining the resources required for recovery activities in consultation with the Hazard Management Agency and Support Organisations. Local Government resources are identified in a “Local Government Asset Register”. These are included as an appendix to the Wagin Local Emergency Management Arrangements.

The Local Recovery Coordinator (LRC) is responsible for coordinating the effective provision of resources and services to avoid duplication of effort.

4.2.13 Financial Arrangements

Funding for training and administrative functions is budgeted by the Shire of Wagin. Exceptional circumstances or natural disasters have not been provided for and financial assistance will be sought from relevant State or Federal government sources.

4.2.14 Local Recovery Coordinating Committee (LRC)

Role

To coordinate and support local management of the recovery processes within the community subsequent to a major emergency in accordance with State emergency management policy and the Local Recovery Plan.

Responsibilities

The LRCC is responsible for:

- Appointment of key positions within the committee and, when established, the sub-committees (e.g. Local Recovery Coordinator, Media Liaison Officer, sub-group chairpersons etc.)
- Establishing sub-committees as required
- Assessing requirements for recovery activities relating to the Psychological, Social, Infrastructure, Physical, Health, Environmental, and Economic wellbeing of the community with the assistance of the responsible agencies where appropriate.
- Developing a strategic plan for the coordination of the recovery process for the event that:
 - takes account of the local government long term planning and goals;
 - includes an assessment of the recovery needs and determines which recovery functions are still required;
 - develops a timetable and identifies responsibilities for completing the major functions;
 - considers the needs of youth, the aged, the disabled, and culturally and linguistically diverse people;
 - allows full community participation and access; and allows for the monitoring of the progress of recovery.
 -
- Facilitating the provision of services, public information, information exchange and resource acquisition.
- Negotiating the most effective use of available resources including the support of State and Commonwealth agencies.
- Monitoring the progress of recovery, and receive periodic reports from recovery agencies.
- Ensuring a coordinated multi agency approach to community recovery.

- Making appropriate recommendations, based on lessons learnt, to the LEMC to improve the community's recovery preparedness

4.2.15 LRC Sub-committees (where required)

Reconstruction/Restoration Group (Wagin)

Responsibilities

- Assess requirements for the restoration of services and facilities with the assistance of the responsible agencies where appropriate
- Assess the restoration process and the reconstruction policies and programmes and facilitate the reconstruction plans where required
- Report regularly the progress of the restoration and reconstruction process to the LRC Executive Group
- Make recommendations to the LRC Executive Group for financial and other assistance as required

Community and Personal Support Sub-committee (Wagin)

Responsibilities

- Assess the requirement for personal support services in the short, medium and long term
- Facilitate resources (both human and financial) as required to complement /assist existing local services
- Monitor the progress of the local personal service providers and receive regular progress reports from agencies involved
- Make recommendations to the LRCC for additional personal services as required

4.2.16 Local Recovery Coordinator

The Shire of Wagin CEO is appointed as the Local Recovery Coordinator in accordance with the requirements of the Emergency Management Act 2005, section 41(4). The Special Project Officer has been appointed to undertake the role of the Local Recovery Coordinator in case the primary appointee is unavailable.

Responsibilities

- Prepare, maintain and test the Local Recovery Plan.

- Assess the community recovery requirements for each event, in liaison with the Hazard Management Agency, Local Emergency Coordinator and other responsible agencies, for:

- Advice to the Shire President on the requirement to activate the Plan and convene the LRCC; and
- Initial advice to the LRCC if convened.
- Undertake the functions of the Executive Officer to the Local Recovery Coordinating Committee
- Assess for the LRC requirements for the restoration of services and facilities with the assistance of the responsible agencies where appropriate, including determination of the resources required for the recovery process in consultation with the Hazard Management Agency.
- Coordinate local level recovery activities for a particular event, in accordance with plans, strategies and policies determined by the LRCC.
- Monitor the progress of recovery and provide periodic reports to the Local Recovery Coordinating Committee.
- Liaise with the Chair, SRCC or the State Recovery Coordinator where appointed, on issues where State level support is required or where there are problems with services from government agencies locally.
- Ensure that regular reports are made to the State Recovery Coordinating Committee on the progress of recovery.
- Arrange for the conduct of a debriefing of all participating agencies and organizations as soon as possible after stand down.

4.3 Part 2: Local Recovery Arrangements

4.3.1 Introduction

This part of the arrangements details issues that apply where an event is assessed as being of sufficient magnitude to require the Local Recovery Coordinating Committee to be involved in the recovery process.

As required by the Emergency Management Act 2005 and consistent with the community recovery concepts, local government is responsible for managing recovery within its local government district. The Shire of Wagin will be responsible for management of the recovery process within the local government district.

Where the level of recovery is beyond the capacity of the local Community, State Level Support shall be requested as outlined in state recovery arrangements (Westplan Recovery).

4.3.2 Organisation

The Local Recovery Coordinating Committee (LRCC) will be chaired by the Wagin Shire President or their nominee and have relevant community leaders as its members, including appropriate State Government Agency representatives. Where a LRCC is established, a core group of key stakeholders will be represented on the committee, supported by other organisations seconded as required. The membership of the LRCC is dynamic and will change with the needs of the community at various stages during the recovery process. Where a LRCC is established to manage the local recovery process, the following structure will be implemented as appropriate to the situation.

Executive:

- Chairperson shall be the Wagin Shire President or CEO
- Local Recovery Coordinator shall be the CEO/Special Project Officer or a prominent community member as Executive Officer to the LRC
- Secretary shall be provided by the Shire of Wagin

Core Membership:

- Shire of Wagin
- Hazard Management Agency
- Health Dept/Local Health Officer
- Dept for Community Development
- WA Police

Co-opted Members (as required):

- Department of Agriculture

- Department of Environment and Conservation
- Lifelines (power, water, gas, etc)
- Main Roads
- Department of Water
- Regional Development Commission
- Education/school rep
- Community Groups
- Small Business Centre
- St Johns Ambulance
- Wagin Chamber of Commerce
- WA Farmers Federation
- Pastoralists and Graziers Association
- Insurance rep (if available)
- Wagin Rotary Club
- Wagin Lions Club
- Wagin Apex Club

(A diagram of the Local Recovery Organisation can be seen at Annex A)

4.3.3 Organisational Responsibilities

The agreed roles and responsibilities of all agencies/groups that may assist in the recovery process for Wagin are detailed in Annex B. Consultation with support organisations in Wagin and relevant MOU's are included

4.3.5 Contacts Register

A register detailing the contact details for all agencies/groups with responsibilities under this Plan is attached at Appendix 5 to this Plan.

Contact details for the Chairman of the LRCC and the Local Recovery Coordinator are also contained in the Emergency Contact Directory that forms part of the Shire of Wagin Local Emergency Management Arrangements.

.

4.3.6 Transition from Response

Recovery activities should commence immediately following the impact of an event whilst response activities are still in progress. Key decisions and activities undertaken during the response may directly influence and shape the recovery process.

To ensure that appropriate recovery activities are initiated as soon as possible after the impact of the event the HMA Incident Manager is to ensure that the Local Recovery Coordinator is notified of the event and is included as a member of the Incident Management Group (IMG).

During the response many of the agencies with recovery roles are heavily committed, therefore the inclusion of the Local Recovery Coordinator on the IMG will ensure:

- The alignment of response and recovery priorities;
- Liaison with the key agencies;
- An awareness of the key impacts and tasks; and
- Identification of the recovery requirements and priorities as early as possible.

4.3.7 Local Response/Recovery Coordination Interface

Response and recovery activities will overlap and may compete for the same limited resources. Such instances should normally be resolved through negotiation between the Hazard Management Agency's Incident Manager (IM), Local Recovery Coordinator and the Local Emergency Coordinator. However, where an agreement cannot be achieved, preference is to be given to the response requirements.

4.3.8 Activation

The decision to activate this Plan will be made by the Shire President/CEO on the advice of the Local Recovery Coordinator as a result of an assessment of the assistance needed for recovery made by either:

- The Incident Management Group or
- Through consultation between the Hazard Management Agency (HMA) Incident Manager (IM) and the Local Emergency Co-ordinator; or
- The Local Government.

Activation of the Plan is the responsibility of the Chair, LRCC.

An operational checklist provided at Annex C, is to ensure that all required actions are undertaken when the Recovery Plan is activated.

4.3.9 Impact Assessment and Operational Recovery Planning

It is essential that an assessment of the recovery and restoration requirements be conducted as soon as possible after the impact of the event. Impact assessment should not interfere with response operations. Access to the affected area may be restricted by the HMA until it is determined to be safe to enter.

Sources that may assist in the collection of impact assessment data include the:

- Hazard Management Agency;
- Welfare agencies – to identify persons in need of immediate assistance;
- Shire of Wagin staff;
- Insurance assessors;
- Wagin chamber of commerce

Depending upon the extent of the community relief, recovery assistance, restoration and reconstruction required the LRCC may develop a specific recovery plan setting out the recovery process to be implemented. An outline of an operational recovery plan is provided at Annex E.

4.3.10 Welfare and Health Services

Relief activities are directed at meeting the immediate food, shelter and security requirements of those affected by the incident or disaster. Recovery activities are directed at providing the information, resources, personal support and community infrastructure necessary for individuals and communities to achieve self-sufficiency and

sustain independent functioning. In some instances, these activities may continue for months or even years.

As part of the overall impact assessment to assist in the operational recovery planning (see section 2.3.6) it may be appropriate to conduct a survey of people/families affected by the emergency. A "Personal Needs Assessment and Support Survey" Form is attached at Annex D for use in appropriate circumstances.

4.3.11 Public Information

Efficient and effective dissemination of information to the affected community and the community at large in respect to recovery measures and contact points is essential. The method of dissemination of information on recovery measures during the recovery phase will depend upon whether or not this has been fully activated.

Following an emergency where the Plan has been activated, the Media Liaison Officer appointed to the LRC will coordinate the dissemination of information on recovery measures/issues.

Agencies or organisations involved in the recovery phase are encouraged to disseminate information on their services to the public in the usual manner. However, it is expected that media releases will be provided to the LRC for comment prior to dissemination.

4.3.12 Recovery Coordination Centre

The Local Recovery Coordination Centre will be located at the Shire of Wagin Administration Office at 2 Arthur Road Wagin, phone 98611177. Where this location is unavailable or deemed unsuitable the LRC will designate an alternate location as soon as possible and publicise it after it is established.

4.3.13 Information Centre (One Stop Shop)

A Recovery Centre/One Stop Shop will be established, when required, by the Shire of Wagin to provide information and advice to the community on the progress of recovery, special arrangements and services. The location and contact details of the Recovery Centre will be disseminated to the community via ABC local Radio 558 kHz or Radio Great Southern on 1422 kHz when it is established.

4.3.14 Infrastructure

The restoration/reconstruction of essential services, e.g. roads, transport, water, sewage, electricity, gas and waste disposal, will remain the responsibility of the agencies with existing responsibility for the provision of those services, each of which should have a Business Continuity Plan (BCP) in place.

The LRCC is responsible for recommending priorities and ensuring work is completed.

4.3.15 State Level Assistance

State level assistance to community recovery will normally be provided by a range of State government agencies through direct representation on the LRCC.

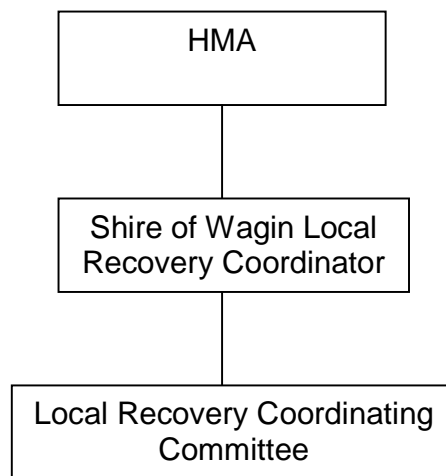

4.3.16 Stand Down

The Local Recovery Coordinator will stand down participants (of the LRCC) when they are no longer required.

4.3.17 Debriefing/Post Operations Report

The Local Recovery Coordinator will arrange for the debriefing of all participants and organisations as soon as possible after stand-down and the preparation and tabling of a report to the LEMC for review and update of the Local Recovery Plan. A copy of the report will also be forwarded to the HMA and the Chairman of the SEMC Recovery Services Sub-committee and the relevant DEMC.

Annex A: Local Recovery Organisation

Annex B: ORGANISATION RESPONSIBILITIES

REFERENCE LIST

The following list details the assigned and/or potential roles and responsibilities of organisation that may be participants in the recovery phase of an emergency affecting your community.

Shire of Wagin

- Ensure that a Local Recovery Plan for its district is prepared, maintained and tested [EM Act s.41 (4)].
- Appoint a Local Recovery Coordinator(s) [EM Act s.41 (4)].
- Chair the LRCC [EM Act s.36 (b)].
- Provide secretariat and administrative support to the LRCC, as required.
- Provide other representatives to the LRCC or its sub-committees, as appropriate to the emergency (e.g. Building Surveyor, Environmental Health Officer, and Works Manager).
- Ensure the restoration/reconstruction of services/facilities normally provided by the Shire of Wagin.

Department for Community Development

- Provide a representative to the LRCC.
- Provide emergency welfare services as part of the recovery process (Westplan – Recovery).
- Manage the provision of the Personal Hardship and Distress measures under the WA Natural Disaster Relief Arrangements, including counselling, emergency assistance and temporary accommodation (Westplan – Recovery and WANDRA)

Department of Agriculture

- Provide a representative to the LRCC.
- Manage the provision of assistance to farmers, particularly in relation to the Primary Producer Package under the WANDRA (Westplan-Recovery and WANDRA)

Main Roads Western Australia

- Provide a representative to the LRCC.
- Assess and report on damage to State/Federal road infrastructure that may impact on the community.
- In conjunction with the Shire of Wagin, assist with the assessment of damage to local roads and issue of advice of roads closure/alternate transport route.
- Assist the Shire of Wagin with the reopening and restoration of damage to local roads including providing access to funding where available through the MRWA Flood Damage to Local Roads Special Funding Assistance Program and/or the WANDRA.

Lifeline Agencies (including power, water and gas)

- Provide a representative to the LRCC (co-opted as required).
- Assess and report on damage to lifeline services and progress of restoration of services.
- Facilitate restoration of priority services as requested by the LRCC.

Wagin Chamber of Commerce (in addition or alternative to RDC and BEC)

- Provide a representative to the LRCC (co-opted as required).
- Survey and report on impact to and specific needs of local small business.

Department of Education and Training (or Wagin school representative)

- Provide a representative to the LRCC (co-opted as required).
- Advice on issues affecting normal operation of schools, e.g. restrictions on student access or damage to school premises.

Local Health Services Provider (Department of Health or Wagin Hospital representative)

- Provide a representative to the LRCC.
- Advise on health issues arising from the emergency.
- Coordinate the local health components of the recovery process.

Lord Mayor's Distress Relief Fund

- Liaise with the LRCC to assess the requirement for public donations and if required initiate "Calls for Public Donations" in accordance with the State Policy on "Appeals and Donations during Emergencies".
- As required set up a local appeals committee in conjunction with the LRCC.
- Provide advice to the LRCC on criteria for, and assessment of, requests for financial assistance.

Annex C: Local Recovery Coordinator - Operational Checklist

<p>Task Description</p> <p>Liaise with relevant response agencies regarding location, size, type and potential impact of event.</p> <ul style="list-style-type: none"> • Contact and alert key staff. • Determine likely human effects. • Establish if event proclaimed and eligible natural disaster under the WANDRA • Contact other relevant response and recovery agencies. • Activate and brief relevant agency staff. • Activate appropriate inter-agency liaison mechanisms. • Locate liaison officer at emergency operations centre (if appropriate). • Determine immediate short-term needs (e.g. accommodation, financial assistance and personal support). • Manage offers of assistance, including volunteers, material aid and donated money. • Assess impact of the event through information/data from local government, geographic data and relevant response agencies. • Meet with specific agencies involved with recovery operations to determine strategies. • Report to organisational hierarchy on likely costs/impact of involvement in recovery activities. • Organise briefing and debriefing processes for staff. • Activate outreach program to meet immediate needs and determine ongoing needs. Issues to be considered should include the need for specialist counselling, material aid, accommodation, financial assistance and social, recreational and domestic facilities. • Establish a 'one-stop shop' recovery centre to provide the affected community with access to all recovery services. • Manage restoration of essential infrastructure/utilities. • Manage the public appeal/private donations process. • Brief media on the recovery program. • Assess reports gathered through an outreach program to assess community needs. • Identify special needs groups or individuals. • Meet with other recovery agencies to consider full assessment of the impact of the event. Determine the best means of involving the affected community and determine action required from specific agencies. • Activate community (specific) recovery committees, ensuring active participation of members of the affected community. • Develop a community information process, including consideration of public meetings and newsletters. • Monitor staffing arrangements. • Review resources and services on an ongoing basis. • Determine longer-term recovery measures. • Provide newsletters to the affected community and information to the media as required. • Continue to monitor agency activities and reduce/withdraw services when appropriate. • Debrief recovery agencies. • Recognise agency/staff input. 	<p>OK</p>
---	------------------

EMERGENCY RECOVERY COMMITTEE (ERC) ACTIONS

CHECK LIST

<p>In The Transition From Response:</p> <ul style="list-style-type: none">- <i>IC shall include the RC in critical response briefings</i>- <i>RC shall ensure the IC is aware of recovery requirements and tasks prior to the termination of the state of emergency</i>- <i>RC shall ensure that agencies with response and recovery obligations are aware of their continuing role</i>- <i>RC to confirm whether the event has been proclaimed an eligible natural disaster under the WA Natural Disaster Relief Arrangements and if so what assistance measures are available.</i>- <i>ERC shall initiate key recovery arrangements including full ERC sub-committee briefing during the response phase and ensure formalisation of handover takes place</i> <p>Management Structure the ERC Shall:</p> <ul style="list-style-type: none">- <i>Ensure of the appointment of an RC prior to any event</i>- <i>Set up an office with administrative support</i>- <i>Facilitate representative sub-committees to coordinate and action recovery tasks and disseminate decisions, as required</i>- <i>Ensure and facilitate the completion of the impact assessment</i>- <i>Assume public information responsibilities from response agency and provide information to the impacted area and to public and media</i>- <i>Facilitate and advise on State/Federal disaster relief funding, facilitate and advise on private aid and funding.</i>- <i>Prepare oral and written financial and non-financial reports and briefs.</i> <p>ERC Community Sub-Committee shall promote community involvement by:</p> <ul style="list-style-type: none">- <i>Working within existing community organizations</i>- <i>Recruiting representatives of the affected community into recovery planning</i>- <i>Establishing strategies for uniting the community behind agreed objectives</i>- <i>Providing “one-stop shops” for advice, information and assistance during the recovery period</i>- <i>Establishing mechanisms for sharing information and reporting local initiatives (e.g., regular community meetings and local newsletters).</i> <p>Impact Assessment (managerial issues) ERC shall:</p> <ul style="list-style-type: none">- <i>Use intelligence/planning information from the response operation, and set up a recovery liaison person in the EOC/ECC</i>- <i>Confirm the total area of impact for determination of survey focus</i>- <i>Set out the immediate information needs: infrastructure problems & status, damage impact and pattern, and welfare issues</i>- <i>Link with parallel data-gathering work</i>- <i>Identify and close information gaps (establish the “big picture”)</i>- <i>Assess the financial and insurance requirements of affected parties</i>- <i>Gather evidence to support requests for government assistance.</i>- <i>Ensure all relevant information is strictly confidential to avoid use for commercial gain</i>	<p>OK</p>
--	------------------

Inspections and Needs Assessments (technical focus) ERC shall:

- *Establish and define the purpose of inspection/assessment and expected outcomes*
- *Consistently apply agreed criteria (requiring a common understanding by the people undertaking the survey process)*
- *Collect and analyse data*
- *Establish a method/process to determine the type of information needed for this recovery operation, defining:*
 - *how and who will gather the information (single comprehensive survey)*
 - *how information will be shared*
 - *how information will be processed and analysed*
 - *how the data will be verified (accuracy, currency and relevance)*
- *Managing the process to minimise "calling back"*
- *Select and brief staff*
- *Maintain confidentiality and privacy of assessment data*

Data Management ERC shall:

- *Define who is responsible for which part of the data management task and ensure proper process of relevant data transfer*
- *Create templates for impact assessment and for tracking assistance provided.*

State Government Involvement ERC shall:

- *Establish strong relationships with key regional government agency representatives, and appoint them to appropriate ERC Sub-committees, as appropriate*
- *Gain familiarity with the recovery claim process, Relief Fund applications, and reduction plan proposals*
- *Establish a system for recording all expenditure during recovery, in line with the requirements of the Recovery Plan (includes logging expenditure, keeping receipts and providing timesheets for paid labour)*
- *Answer requests for information from government agencies.*

Public Information ERC Shall:

- *Appoint potential spokespeople to deal with the media*
- *Manage public information during the transition from response to recovery when handover completed from HMA*
- *Identify priority information needs*
- *Develop a comprehensive media/communication strategy*
- *Coordinate public information through:*
 - *joint information centres*
 - *spokesperson/s*
 - *identifying and adopting key message priorities*
 - *using a single publicised website for all press releases*
- *Develop processes for:*
 - *media liaison and management (all forms e.g. print, and electronic)*
 - *briefing politicians*
 - *alternative means of communication e.g. public meetings, mailbox fliers, advertising*
 - *communicating with community groups*
 - *meeting specialist needs*
 - *formatting press releases*
 - *developing and maintaining a website*

- *ensuring feedback is sought, integrated and acknowledged*
- *Monitor print and broadcast media, and counter misinformation.*

Rehabilitation and Assistance ERC Shall:

- *Establish a mechanism for receiving expert technical advice from lifeline groups*
- *Monitor and assist rehabilitation of critical infrastructure*
- *Prioritise recovery assistance*
- *Prioritise public health to restore health services and infrastructure*
- *Assist and liaise with businesses to re-establish and reopen*
- *Restore community and cultural infrastructure (including education facilities)*
- *Restore basic community amenities for meetings and entertainment*
- *Facilitate emergency financial assistance. (DCD)*
- *Adjust capital works and maintenance programs.*

Implementation of Reduction Measures ERC shall plan to:

- *Take the opportunity, while doing the hazard analysis, to:*
- *identify essential services and facilities in high-risk areas*
- *consider the restoration options in the event of their becoming dysfunctional*
- *Identify options based on research and consultation*
- *Undertake urgent hazard reassessment based on new (event) information adhere to an ERM PLAN.*

Financial Management ERC shall plan to:

- *Review financial strategies*
- *Communicate with financial agencies, including insurance companies*
- *Keep financial processes transparent.*

Reporting ERC Shall Plan to:

- *Provide a simple, flexible and succinct reporting system*
- *Provide adequate administrative support*

Managed Withdrawal ERC Shall Plan to:

- *Continually review the recovery management process with a view to withdrawing as the community takes over*
- *Identify long term recovery activities and agency responsible for management*
- *Establish arrangements for ongoing public information and communications including avenue for reporting and management of unresolved community recovery issues*
- *Stage a public event of acknowledgement and community closure.*
- *Conduct a debrief of participants with community input to identify lessons learnt and strategies for enhancing community recovery arrangements and processes for future events*

Annex D: WAGIN LOCAL RECOVERY COORDINATING COMMITTEE

The Shire of Wagin has prepared local recovery arrangements that encompass all of the elements of WESTPLAN - RECOVERY as a general recovery management plan. However, following a major emergency where substantial damage has occurred to residential, commercial and government buildings and other community infrastructure, and where significant reconstruction and restoration is required, an operational recovery plan should be prepared by the LRCC.

Operational Recovery Plan

Emergency: *(type and location)*

.....

Date of Emergency:

.....

Section 1: Introduction

- Background on the nature of the emergency or incident
- Aim or purpose of the plan
- Authority for plan

Section 2: Assessment of Recovery Requirements

- Details of loss and damage to residential, commercial and industrial buildings, transport, essential services (including State and Local Government infrastructure)
- Estimates of costs of damage
- Temporary accommodation requirements (includes details of evacuation centres)
- Additional personnel requirements (general and specialist)
- Human services (personal and psychological support) requirements
- Other health issues

Section 3: Organisational Aspects

- Details the composition, structure and reporting lines of the groups/committees and subcommittees set up to manage the recovery process
- Details the inter-agency relationships and responsibilities
- Details the roles, key tasks and responsibilities of the various groups/committees and those appointed to various positions including the Recovery Coordinator.

Section 4: Operational Aspects

- Details resources available and required
- Redevelopment Plans (includes mitigation proposals)
- Reconstruction restoration programme and priorities, (including estimated timeframes)
- Includes programs and strategies of government agencies to restore essential services and policies for mitigation against future emergencies
- Includes the local government program for community services restoration
- Financial arrangements (assistance programs (NDRA), insurance, public appeals and donations (see also Section 4 below)
- Public information dissemination.

Section 5: Administrative Arrangements

- Administration of recovery funding and other general financial issues
- Public appeals policy and administration (including policies and strategies for office and living accommodation, furniture and equipment details for additional temporary personnel).

Section 6: Conclusion

Summarises goals, priorities and timetable of plan.

Annex E: RECOVERY NEEDS ASSESSMENT AND SUPPORT SURVEY FORM

This needs assessment is being conducted to gather information about your personal circumstances so we can assist you, provide you with information on particular services, or refer you to organisations who can best assist you with your recovery process. The survey is designed to gather as much relevant information as possible in one interview to avoid having to repeat some details to a number of interviewers. However please note that further contact may be necessary.

You are not obliged to provide any or all of the information requested. You should be aware that the information you provide may be passed to other agencies involved in the recovery process.

Please note that completion of this survey does not guarantee your specific needs will be met immediately, however every effort will be made to obtain the assistance you need as quickly as possible.

If, after completing this survey, you need specific assistance not identified on these forms, or you wish to make enquires about the survey, please ring this telephone number: - 98611177

In terms of the Privacy Act should you wish to access, change or amend any information you have given please ring the above telephone number. You can also contact this agency at:
Shire of Wagin, 2 Arthur Road Wagin

Interview Conducted at _____
(Place)

(Date) (Time)

By _____
Interviewer (print name)

Tear this page off and give it to the person being interviewed, along with any information sheets/brochures.

NOTES FOR INTERVIEWER

(Please read before commencing the survey)

Introduce yourself to the person being interviewed.

“Hello, I am *name*, I am here on behalf of the Wagin Shire council/recovery Group about the recent *emergency event*(s). I would like to talk with you to see if there is anything we can help you with, or organisations we can refer you to, to assist your recovery.”

1 Read through the cover page with the interviewee and complete it. Tear it off and give it to the person being interviewed. It is now their receipt.

2 Provide them with the information sheets/brochure.

3 Start at section one and continue to work through all sections.

4 Texts in grey italic font are prompts for you to note or advise the interviewee on.

5 If the interviewee declines to give information, complete known details and return the form with cover intact.

NOTE: some people may take this opportunity to offload any frustrations. Do not take this personally; it is best to listen and then move on to the next question when possible.

Section One: Occupier and Property

1 PRINCIPAL OCCUPIER'S NAME (S):

Family name _____ First name(s) _____

1.2 Total number of people normally residing at this property _____ (*number*)

1.3 Other people normally resident

Family name _____ First name(s) _____

Family name _____ First name(s) _____

Family name _____ First name(s) _____

Family name _____ First name(s) _____

(Please provide children's ages)

1.4 Have you registered with DCD by filling in a NRIS registration form? (*Please circle one*)

Yes Go to Question 1.4a

No Go to Question 1.5

You may be required to register to access recovery services. Please ask your interviewer to explain the process to you.

1.4a If yes, what is your registration number _____

1.4b Does anyone in your family have a different registration number? Yes / No (*Please circle one*)

Write the other number(s) if you know them _____

1.5 Location of affected property

Address of affected property: _____

Phone day/night of affected property: _____

1.5a What is your rates number/valuation number (if known) _____

1.5b Would you like to be considered for rates relief (if available) Yes / No (*Please circle one*)

1.6 Do you own the property Yes / No (*Please circle one*)

If **No** please provide contact details of the owner if you know these.

Name: _____

Address: _____

Phone day/night: _____

1.7

Where are you currently living

(Tick one)

- Living at affected property – go to Section Two
- Temporary accommodation until we can return to property
- Temporary accommodation looking for new permanent accommodation
- In new permanent accommodation

1.8 Current address and contact details (if not living at affected property)

Address: _____

Phone day/night: _____

Section Two: Damage to Dwelling/Contents and Insurance

2.1

Was your house damaged?

(Tick one)

- Yes Go to Question 2.2
- No Go to Question 2.3
- Don't know as have not yet seen house Go to Question 2.3
- Not damaged but not accessible Go to Question 2.3

2.2 Please tick the list below to indicate damage that occurred

Nature of damage () Describe damage if relevant

- Water supply not working
- Sewerage not working
- Drainage blocked
- Electricity cut
- Gas cut
- Telephone cut
- Road access cut or restricted
- Damage to outbuildings on property
- Other (please describe)
-

2.2a When was your house damaged? Date: _____

2.2b To the best of your knowledge, what caused this damage? ()

Cause of damage

- Flood water
- Storm
- Hazardous materials incident
- Earthquake
- Fire
- Other (*please detail*)

2.2c Has your house been inspected by the council (building inspector)?
Yes / No / don't know (*Please circle one*)

2.2d Would you like someone to do a check of your house and property to ensure it is safe to move back into? Yes / No (*Please circle one*)

2.2e Is your house insured? (*Please tick one*) ()

- Yes Go to Question 2.2e
- No Go to Question 2.3
- Don't own house Go to Section 3
- I decline to answer this question Go to Question 2.3

2.2f Have you lodged an insurance claim? Yes / No (*Please circle one*)

2.2g What is the name of your insurance company or agent?

2.2h Has an insurance assessor inspected the property? Yes / No (*Please circle one*)

2.3 Have you experienced damage to contents in your house? (*Please tick one*) ()

- Yes Go to Question 2.3a
- No Go to Question 2.4
- Don't know as have not yet seen contents Go to Question 2.4

2.3a Are your house contents insured? (*Please tick one*) ()

- Yes Go to Question 2.3b
- No Go to Section 3
- I decline to answer this question Go to Question 2.4

2.3b What is the name of your insurance company or agent?

2.3c Has an insurance claim been lodged? Yes / No (*Please circle one*)

2.3d Has an insurance assessor inspected the damage? Yes / No (*Please circle one*)

Section Three: Alternative Accommodation

3.1 Do you need assistance to find alternative accommodation? (*Please circle one*)

Yes Go to Question 3.1a

No Go to Section 4

3.1a What kind of accommodation do you require? (*Please tick one*) ()

- Temporary (less than a week)
- Short-term (1-4 weeks)
- Long-term (more than one month)
- Please estimate number of months ()
- Permanent

3.1b The accommodation needed is to house:

Adults _____ (number)

Children _____ (number)

3.1c Do you have any special needs for your accommodation i.e., access for Wheelchairs, aged, *please provide*

details: _____

3.1d Do you have pets? Yes / No (*Please circle one*)

If yes, please detail what kind of pet and how any: _____

Section Four: Health and Welfare

Household

4.1 Do you require any clean-up assistance for your house or property? (*Please circle one*)

Yes Go to Question 4.2a

No Go to Question 4.3

Don't know Go to Question 4.3

4.1a Please provide details of the kind of assistance you would like: _____

(If you have answered yes your details will be passed on to the council who are coordinating clean-up services where available).

4.2 Are you looking after any evacuees at your home? (*Please circle one*)

Yes Go to Question 4.4a

No Go to Question 4.5

4.2a Would you like to receive information about financial support for hosting these evacuees? Yes / No (*Please circle one*)

Personal

4.3 If you have had contents in your home damaged, would you like to be contacted by agencies that are distributing donated goods? (*Please circle one*)

Yes Go to Question 4.1a

No Go to Question 4.2

4.3a What kind of goods do you need? *(Please list)*

4.4 Do you have a need for clothing/toiletries or bedding? *(Please circle one)*

Yes Go to Question 4.5a

No Go to Question 4.6

4.4a What kind of these items do you need? *(Please list)*

4.5 Are there any medications which you or your family use that you are unable to get?
(Please circle one)

Yes Go to Question 4.6a

No Go to Question 4.7

4.6a If you would like us to help you get medication, please describe the medications in as much detail as possible_____

4.6b Is a prescription required for these medications? Yes / No *(Please circle one)*

4.6c If Yes please provide the name and address of your doctor and pharmacist

4.7 Would you like to find out about support or counselling services for you or a family member?

Yes / No *(Please circle one)*

(This question is included to help you access services that may be provided by affiliate organisations)

4.8 Do you have any affiliation to any other groups in the community? Yes / No
(Please circle one)

If yes please indicate which groups_____

Domestic animals/pets

4.10 Have you got any domestic animals or pets which are in need of care? *(Please circle one)*

Yes Go to Question 4.9a

No Go to Section 5

4.10a What kind of animals are they? (Please list all your animals)

4.10b Where are they located? (Please provide address/physical location)

4.10c What kind of care do they need? (Please detail)

Section Five: Financial

5.1 Do you require any assistance with income support?

Yes Go to Question 5.1a

No Go to Question 5.2

5.1a Are you already a client of Centrelink? (*Please circle one*)

Yes *please contact Centrelink directly*

No *please contact Centrelink through the help line and they can advise you on assistance available*

Note there may be grants available from other sources such as the Red Cross and mayoral relief funds. Applications will need to be filled in for these grants. Please advise those being interviewed about any relief funds that have been established and provide them with application forms if possible.

Documents

5.2 Have you lost, or do you not have access to, any of the following? (*Please tick all those that apply*)

Please indicate who in your house has lost these documents

	Lost	Document not able to be accessed	Who in your house has lost this
Bank books			
Cheque books			
Credit cards			
EFTPOS cards (money cards)			
Community cards			
Passport			
Birth certificate			
Marriage certificate			
Citizenship certificate			

5.3 If you have lost your bank documents do you have access to a branch of your bank?
Yes / No / Does not apply (*Please circle one*)

Administrative information

Person conducting interview Name (print): _____

Contact details: _____

Date: _____

Person being interviewed I have been given the front page of this survey form and agree to the use of the information I have given for the purposes of recovery from this emergency.

Name (Print): _____

Signature: _____ Date: _____

Annex F: OPERATIONAL SEQUENCE GUIDE/CHECKLIST

SITUATION ORGANISATION/ACTION

ALERT

On receipt of advice of an emergency which has the potential to require Local coordination of recovery activities

HMA

- Ensure that the Local Emergency Coordinator (LEC) and affected local government(s) are advised of the extent of potential recovery support requirements.
- Include Local Recovery Coordinators/Shire of Wagin in briefings/Incident Management Group.

Shire of Wagin

- Establish liaison with Local Recovery Coordinator/ Committee (LRC) chairperson and appropriate core members to consider possible requirement for Local level coordination of recovery support.
-
- Advise and liaise with LRCC members.

ACTIVATION

Requirement for Local level coordination of recovery identified/requested

Shire of Wagin

- When requested by or on the advice of the HMA or the Incident Management Group, convene the LRCC and, where required, establish a Reconstruction/Restoration Group and/or Community/Support Services Group or other sub-committees.

LRC

- Arrange for conduct of on-site assessment, if appropriate. Maintain links with affected organisations for the identification and coordination of the provision of recovery support.

STAND DOWN

On completion of Local coordinated recovery activities.

Shire of Wagin/LRC

- Ensure handover of responsibility for ongoing recovery activities to a managing agency.
- Advise LEC and LRC members of stand-down. Conduct debrief/post operations review and prepare report to the LEMC, with copies to the DEMC, the HMA and the Chair

SEMC Recovery Services Group

- Manage the implementation of post operations report recommendations and revision of Local Recovery Emergency Management Plan as required.

Annex G: STATE RECOVERY COMMITTEE STANDARD REPORTING

STATE RECOVERY COORDINATING COMMITTEE

RECOVERY REPORT – (Emergency Situation)

Wagin Local Recovery Coordinating Committee

Report No:

To: Chairman, SRCC/State Recovery Coordinator

Situation Update: *Should include: full damage report (once only) and estimated amount in \$, work in progress including estimated completion dates, details of difficulties or problems being experienced.*

Proposed Activities: *Should include plans and strategies for resumption of normal services (where appropriate), plans for mitigation works, dates of commencement and completion of reconstruction works, possible disruption of activities of other agencies.*

Special Assistance:

Requirements: *Includes support from other agencies, SRCC intervention with priorities.*

Financial Issues: *May include support from SRCC for additional funding from Treasury.*

PART 5: Emergency Contacts Directories

See Appendix 5: Emergency HMAs Contact Directory

Note: A comprehensive listing of community contacts may also be found on the Shire of Wagin computer server and flash drive kept in the Administration Centre safe.

PART 6 Testing, Exercising and Reviewing the Arrangements

Testing and Exercising

Testing the local emergency management arrangements is as important as writing them. The arrangements are intended to be a blueprint for Wagin's response to and recovery from a major occurrence and it must be verified for accuracy and functionality. The benefits of testing include:

- determining the effectiveness of your arrangements;
- bringing together all relevant people and giving them knowledge of and confidence in each other;
- providing the opportunity to promote the arrangements and educate the community;
- providing an opportunity for testing participating agencies operational procedures and skills in simulated emergency conditions while testing the ability of the agencies to work together on common tasks; and
- improving the arrangements in accordance with results found from debriefing the testing.

Testing of local arrangements will require selecting an appropriate style of exercise. The aim and outcomes of the exercise will help you determine the most appropriate style or styles needed. You should not restrict yourself to only one style of exercise, in fact, building progressive exercise programs or using several different styles is often useful.

Discussion exercises include orientation exercises, agency presentations, hypothetical and syndicate progressive exercises. Discussion exercises are low cost and usually involve few players.

Functional exercises are closely related to discussion exercises, but normally take place in an operational environment and require participants to actually perform the functions of their roles. They are commonly known as tabletop exercises.

Field exercises involve the deployment of personnel to a simulated incident or emergency. Field exercises can often follow a series of discussion or functional exercises.

Issues in testing, exercising and reviewing the arrangements:

- How often is your community going to test the arrangements? (E.g. annually)
- What form of testing/exercising will your community undertake?
- Is there anyone in the community that is trained in exercise management?
- If not, can someone be brought in to run an exercise or is training readily available for community members?

It will be useful to retain details of the exercises undertaken, in particular for annual reporting to the DEMC. The appointed LEMC Secretariat is the preferred record keeper.

Reviewing

As stipulated in State Emergency Management Policy No. 2.5 Emergency Management in Local Government Districts the local emergency management arrangements are to be reviewed as follows:

- Contact lists are reviewed and updated quarterly;
- After an event or incident in which the local emergency management arrangements were used;
- After training that exercises the arrangements; and
- As risks might vary due to climatic, environment and population changes, an entire review is to be conducted every five years.

CHECKLIST

This checklist is to assist in ensuring that everything that is important to your community, in terms of the Arrangements, is included.

Yes **No**

Have you consulted your community in the formation of the local emergency management arrangements?

Have you addressed & integrated section 41 (a) to (e) of the Act in your arrangements? Have you included:

- local government policies for emergency management, if any?
- roles and responsibilities of public authorities and others?
- provisions about the coordination of emergency operations & activities relating to emergency management?
- a description of identified emergencies likely to occur?
- strategies and priorities for emergency management in the local government district?

Roles of LEMC members:

Who is responsible for updating the resource and contact lists?

- Who needs training?
- Do your local arrangements include a recovery component?
- Does the distribution list contain all stakeholders?
- Have the arrangements been reviewed and agreed to by all stakeholders?
- Have you provided for special needs of vulnerable community groups, e.g., the aged, disabled, destitute, companion and assistance animals in the arrangements?
- Are key individuals identified by titles that are responsible for the development and maintenance of the arrangements?
- Are mutual aid agreements or other written agreements with organisations, government agencies and other local governments referenced in the arrangements?

Evacuation:

- Have you identified appropriate venues for evacuation centres?
- When will you to conduct exercises, e.g., for evacuation?
- Is your community aware of the evacuation assembly areas?
- Do the arrangements include a logical aim?

- Do the arrangements contain a glossary of terms used?
- Are the arrangements consistent with the relevant State Emergency Management Policies and Westplans?
- Do the arrangements include procedures to obtain State and National assistance where local-level resources cannot meet response or recovery requirements?

Other things to consider:

Yes No

- Have you considered what is unique about your community area and relevant to your emergency management arrangements?
- Have you included your local policies, plans, MOUs, agreements etc for emergency management in your arrangements?
- Has your completed emergency management arrangements document been endorsed by your LEMC and the Council?
- Has the endorsed document been tabled at a DEMC meeting?
- Have you sent an electronic copy to the Secretary SEMC?
- Is provision made for distribution of amendments to all holders of the arrangements?
- Are the arrangements updated as specified by the State Emergency Management Policy No. 2.5?
- Has an emergency public information system been considered?

APPENDIX 1 – Shires of Wagin and Woodanilling Fire Map

APPENDIX 2 – TRAINING AND ADVICE

Emergency Risk Management (ERM) is a process that can be enhanced by training to be fully understood and implemented. Training for ERM and other emergency management related topics is available by contacting the FESA Manager Training and Development.

Emergency Management Australia (EMA) and FESA run courses on ERM.

These courses are designed to focus on how to undertake the ERM process and places a strong emphasis on the strategies needed to apply risk management within a community. This includes strategies in marketing to the community.

Access to these courses is through application via the FESA Community Engagement Directorate.

Training in Exercise Management is also available, which will ensure the management of the local exercise is relevant and effective to the local community. Training provides participants with knowledge of the requirements in managing a multi-agency emergency management exercise.

Other emergency management training available includes:

- . Introduction to Emergency Risk Management
 - . Introduction to Recovery Management
 - . Contribute to an Emergency Risk Management Process
 - . Facilitate Emergency Risk Assessment
 - . Determine Treatment Options
 - . Undertake Emergency Planning
 - . Emergency Management for Local Government
 - . Risk Based Land Use Planning
 - . Context of Recovery Management
 - . Emergency Coordination Centre Management
- Training is available in Western Australia and at the EMA Institute, Mount Macedon, Victoria. Refer to FESA's website www.fesa.wa.gov.au or EMA's website www.ema.gov.au for more information on training courses.

Advice on writing your arrangements may be obtained from:

- Western Australia Police (WAPOL) - Emergency Management Coordination Unit for Emergency Coordinators only; or
- FESA Community Engagement Directorate for training information and the Policy and Planning section for policy advice (where not available from FESA District Office).
